

CONCEPT GUIDELINES

Single-paged concept papers must be in 12-point font with 1-inch margins and include:

- Organization Name
- Project Title
- Full name of Principal Investigator
- An overview of the proposed project emphasizing any unique aspects and pilot studies (indicate area of emphasis for project – Medical Research or Science & Engineering Research)
- A description of the methodologies and key personnel
- A brief justification of the need for Keck Foundation support
- An estimated budget broken down, if possible, by major areas, e.g. personnel, equipment, consumable supplies, etc.
- With any remaining space within the 1 page limit, authors may add other details
- If a reference is necessary, abbreviate it as (Science, 323, 45, '11). DO NOT USE (Jones et al., 2011). **Please avoid any illustrations.**
