

2040 Portland Freight Plan Community Advisory Committee Meeting #7 Agenda

Thursday, December 9, 2021 4-6PM

Register for Zoom webinar here:

https://us06web.zoom.us/webinar/register/WN_vYl4EMIsR36rmxP9AFYw9Q

1. Welcome! 😊

2. Public comment

This time on the agenda is for public attendees to get the opportunity to say anything they'd like that might be relevant, for up to one minute, depending on how many attendees would like to speak (at the facilitator's discretion). If you showed up with something particular to share with the planning team or committee, this is a moment on the agenda to make sure you get that chance to share first thing.

3. Project Updates

a. Freight classifications (presentation, Q&A, feedback)

Freight classifications are designations we give to streets to essentially show how important they are for freight movement and which roads are prioritized for a range of freight mobility vs just local delivery. Streets with higher freight classifications are streets that need to carry a higher volume of freight and are prioritized for investments to help facilitate this to be safe and efficient. In this presentation, we'll look at some potential classification changes that are location-specific as well as consider some concepts for minor holistic updates to freight classifications.

4. Vision, Goals, Objectives refinement activity + strategies/ actions brainstorm

Our 2040 Portland Freight Plan will The CAC has been contributing a Portland urban freight-specific vision statement, goals statements and objectives that we'll use to develop the actions that make up the "what we're going to do" part of the plan as well as shape how we prioritize the projects list part of the plan. We'd like to take the time to look at what's been developed so far and gather CAC members' thoughts on potential actions and objectives for some of our goal areas.

[View the draft document here.](#)

[We will use this Jamboard](#) for feedback during the meeting (view only mode until then).

5. Wrap up + Next steps

a. Next meeting January 13, 2021
