

Privacy Policy for Sweira

Sweira

Last Updated: March 17, 2026

1. Overview

This Privacy Policy explains how Sweira ("we", "our", or "the App") processes information when you use the application.

We follow a **data minimization approach**, and most data remains stored locally on your device.

By using Sweira, you acknowledge this policy.

2. Information We Process

Sweira does **not require or intentionally collect** personal identity information such as:

- Name
- Email address
- Phone number
- Location

The only information handled by the App is content you create locally, including:

- Nickname
 - Avatar selection
 - Chat history
 - Saved character preferences
-

3. Local Storage

Your data is stored exclusively on your device using local storage and UserDefaults, including:

- Conversation history

- Saved characters
- Free-message quota
- Spark balance
- Profile settings

We do not operate servers that store this data, and we do not have remote access to it.

Uninstalling the App permanently removes all locally stored data.

4. Third-Party AI Service

Sweira uses a third-party AI provider to generate responses.

What is transmitted

When you send a message:

- Your text input
- Limited recent conversation context (e.g., recent messages)

are transmitted to generate a reply.

The following are **not included**:

- Personal identity information
 - Device identifiers
 - Photos or media
 - Contacts or location data
-

Service provider

We use **Moonshot AI (Kimi)**, operated by Moonshot Technology.

Privacy policy:

<https://www.moonshot.cn/privacy-policy>

Data transmission

All communication occurs over encrypted HTTPS connections.
Only the minimum necessary content is transmitted.

Data retention

Sweira does not store your conversation data on its own servers.

Third-party data handling is governed by the provider's privacy policy.
We do **not control or guarantee** third-party data retention practices.

User consent

On first use of chat features, you will be presented with a disclosure explaining that messages are sent to a third-party AI service.

You must actively acknowledge this before continuing.
You may withdraw consent at any time by stopping use of the feature.

5. Microphone & Voice Features

Voice features use your device microphone for real-time speech recognition.

- Audio is processed locally using Apple's Speech Framework (`SFSpeechRecognizer`)
- **Raw audio is not recorded, stored, or transmitted**
- Only transcribed text is sent to the AI service

Text-to-speech responses are generated locally using `AVSpeechSynthesizer`.

You can revoke permissions at any time in device settings.

6. Camera & Photo Library

The Support Note feature may request access to your camera or photo library to attach an image.

- Images remain on your device unless you explicitly choose to submit them

- If submitted, they are used only for processing your feedback
- Images are not used for analytics or unrelated purposes

Permissions can be revoked at any time in device settings.

7. In-App Purchases

In-app purchases are processed by Apple through StoreKit.

- We do not receive or store payment information
 - Spark balance is stored locally on your device
-

8. Children's Privacy

Sweira is not intended for children under 13.

We do not knowingly process data from children.

If you believe a child has used the app, contact: **sweira@gmail.com**

9. Your Rights

Because your data is stored locally:

- You can access and modify it within the app
- You can delete all data by uninstalling the app

We do not maintain user accounts or remote personal data storage.

10. Policy Updates

We may update this policy from time to time.

Changes will be reflected in the “Last Updated” date.

Continued use of the app constitutes acceptance of the updated policy.

11. Contact
