

Bus Routes 2024-2025

If the child's pickup or dropoff location has changed, or you need to add a child, please register online through the PowerSchool Parent Portal with the new Transportation Request form. Students that rode the school bus last year do not need to register again, as long as their information is the same.

To ensure safety on the school bus, East Jordan Public Schools has all registered bus riding students assigned to a designated route and seat on a bus. This is to make sure there is enough room to alleviate overcrowding and balance the student count on each bus. This creates a better and safer riding experience for all students. To be most efficient and financially responsible, every seat on a bus is assigned to a student that rides 75+% of the time. To achieve this standard, we do not issue bus passes to ride another bus. Students will be allowed to have one (1) pick up and one (1) drop off location unless the court orders otherwise for split custody families. It must be consistent throughout the year. A bus stop will be at the safest location, either at, or as close as possible to, the student's address within the school district boundaries.

Bus #1 Driver: Kelli Streufert Departure time 6:45 a.m.
