Course Overview: The Junior Reserve Officer Training Corps (JROTC) Program is designed to teach high school students the value of citizenship, leadership, service to the community, personal responsibility, and a sense of accomplishment while instilling in them self-esteem, teamwork, and self-discipline. The program's focus is reflected in its mission statement, ***"To Motivate Young People to be Better Citizens"***. It prepares high school students for responsible leadership roles while making them aware of their rights, responsibilities, and privileges as American citizens. The program is a stimulus for promoting graduation from high school, and it provides instruction and rewarding opportunities that will benefit the student, community, and nation. Cadet success is the main goal of all JROTC learning experiences. The JROTC curriculum is based on the principles of performance-based, learner-centered education. As a result, cadets:

- Learn the skills they can use.
- Know the performance expectations upfront.
- Engage as active partners in the learning process.
- Document accomplishments and competence.
- Learn how to learn.

JROTC Core Abilities: The JROTC Core abilities describe the broad, life-long skills that every cadet needs for success in all career and life roles. They are drawn from the overall goal and values that drive the JROTC program. Core abilities are not learned in one lesson or LET, but rather they are linked to lesson competencies to integrate or thread them throughout the JROTC curriculum:

1. Build your capacity for life-long learning.
2. Communicate using verbal, non-verbal, visual, and written techniques.
3. Take responsibility for your actions and choices.
4. Do your share as a good citizen in your school, community, country, and the world.
5. Treat yourself and others with respect.
6. Apply critical thinking techniques.

Course Description: This course gives the CCHS cadets the opportunity to examine the purpose of Junior ROTC and self-assess their motive for joining. During the course, they will gain a greater appreciation of American symbols, customs, and traditions, and history. The course introduces cadets to leadership, its definition, and the importance of knowing and applying basic leadership skills. Cadets are given the opportunity to demonstrate and be assessed on their leadership potential through practical applications. Cadets will examine the impact their decisions/actions have on themselves and others as they explore the areas of individual responsibility, self-reliance, followership, and teamwork. The course introduces the basic principles of management – including time management, how leaders use these principles to effectively manage resources, and the basic differences between leadership and management techniques. Cadets will also assess their current skill set and develop goals to achieve their maximum potential. Cadets will apply learning theory and techniques to improve study, communication, teaching, and planning skills as well as concepts of social responsibility, conflict resolution, and service-learning. Cadets will be expected to wear the uniform once a week for a grade.

Uniform Day: Each Thursday JROTC cadets will wear the prescribed uniform to school. The uniform will be worn correctly and with pride all day long, without exception. Uniform inspections and General Cadet Knowledge-make up 25% of your grade! Any missed uniform inspection must be made up before the following Thursday, Makeup inspections will consist of a morning (Prior to class) and an Afternoon (After 7th period) Inspection. Failure to do so will result in a grade of zero for that inspection.

Haircut Inspections: To keep cadets looking their best and setting the example for the Corps, every other Thursday JROTC Cadets will be graded on their hair appearance (twice a month). This inspection will be annotated in their grade book as a test grade. For grooming standards and hair length please refer to CCHS parent/student Handbook page 61.

Physical Training (PT) Day: Each Friday (unless specified otherwise) JROTC cadets will participate in physical fitness-related training, including intramural-typed sports.
