Project title

Broader context of the project

Pages 2–5 should clearly outline the project and can be more technical.
There is no limit on the number of references, but they need to fit within the five pages of the proposal.

State-of-the-art
Including overall aim, objective(s), and hypotheses

Methodology
Including work packages and risk assessment/mitigation

Timeline

Use/enhancement of NHMO's physical and digital collections

Alignment with one or more research themes of the STADIS hub and the research of both hosts
