

BELMONT HIGH SCHOOL STUDENT RAIDER REPORT

**REMOTE
MONDAY
MOMENTS!!!!**

Mr Cilley's students are working in their drawing class with a historical drawing technique/style called stippling. This technique uses a series of dots placed next to each other in a way that can create a strong sense of value and contrast. The closer the dots are together, the darker the image and value will be. Spread them out further and the value will be lighter. Below are some examples of stippling. In the demonstration video, Mr. Cilley is teaching the foundational skills of this technique and how to create a 3D sphere! See the video [HERE](#).

TUNE IN NEXT WEEK as Ms. Otten will be featured!

November 19th is American Cancer Society's (ACS) Great American SmokeOut! This event has been held by the ACS since 1976 in effort to help people to quit smoking. This year BHS is going to have a poster contest. Please create a poster promoting anti-smoking (or vaping), about either quitting or not starting, to win a \$25 gift card to the Tanger Outlets! Please make the posters school-appropriate and submit them to Mrs. Allen, by email (mallen@sau80.org) or drop off at her office, by 11/19. We'll pick the most creative one for the prize but will hang them all throughout the school. Get those creative juices flowing to stop tobacco use!
