

This is the title of my abstract (Font: Verdana, font size: 14, bold, left justified; DELETE red text before submitting)

Author 1 first name last name (Font Verdana size 12 bold)

Author 1 institution, city, state (if applicable), zip code, country, email address (Font Times size 8)

Author 2, Author 3 (if same institution)

Author 2 and 3 institution, city, state (if applicable), zip code, country, email addresses

Author 4 (etc.)

Author 4 institution, city, state (if applicable), zip code, country, email address

Name of science team (no address/email)

This is the first paragraph of my abstract. I am using font Times with font size 10. The paragraph line spacing is 1.5 and there is no indent at the start of the paragraph. The text can be either left justified or fully justified (either is fine).

This is the second paragraph of my abstract. Here I also use font Times with font size 10, but there is a first line indent of 1.25 cm. The paragraph line spacing is still 1.5. The text can be either left justified or fully justified. There is one empty line between the end of the abstract text and any additional sections.

Acknowledgements and optional and references are only required if you have cited a reference in your abstract. Be sure to include the DOI if there is one for each reference.
