

STUDENT GUIDE FOR ENGAGING WITH COLLEGE REPRESENTATIVES

Each year, Trinity welcomes admission representatives from colleges and universities across the country to share information about their institutions with students on Trinity's campus. These are open to all Upper School students and can be helpful in learning about various types of higher education institutions (i.e., private, public, HBCU, single-gendered, etc.). In this process, you can learn more about which opportunities and programs might suit you best. Juniors and seniors should please plan to register to attend many of these visits (as many schools track when you attend events/programs as demonstrated interest). It's tremendously helpful in a successful college search, and it will help you identify your particular strengths, areas for growth, and aspirations in the season ahead.

To get started...

- View the College Counseling Calendar to see when colleges are visiting.
- If you're a Junior or Senior and want to host a college representative, please <u>complete</u> <u>this form</u>. Get to know the folks who may be reading your application! If you see on the calendar that the college is visiting but you do not see the college listed on the student host sign-up form then we already have two students signed up to host. You should still plan to visit the reps table during your lunch period.
- In your SCOIR account, Juniors and Seniors can register for college rep visits visible on the right-hand side under "Upcoming Events" for it to count as an official visit.
- Check your email and listen for announcements as these opportunities may pop up.

Preparing for college visits can make a big difference, so we encourage you to:

Do some homework

- Look through materials in the College Counseling Office.
- Peruse the college website.

Be polite and interested

- Introduce yourself with a firm handshake and direct eye contact.
- Sit up straight and be attentive throughout the session.
- Sav "thank you" at the end of the session.
- Write a thank-you note following your conversation/visit.

Ask good student questions, such as...

- How would you characterize the majority of students?
- From what economic background are the majority of students?
- Are there clubs, activities, or housing that are minority related?
- What do students like most about the college? Like least?
- Has the student government made any real contribution to the school? How do you get
- into student government?
- What political, social, or academic issues concerned students last year? How did the
- administration react? What was the resolution?
