There's no better guide for this transformative journey than Richard.

A visionary and pioneer of energy healing and the author of five books, Richard has more than **40 years of experience** in the field of holistic health — including speaking and teaching worldwide at medical centers, conferences, and chiropractic colleges.

What You'll Discover in These 7 Modules

In this 7-module transformational course, Richard will guide you through the fundamental skills and competencies you'll need to explore Quantum-Touch, bringing energies of you as the healer and the person seeking healing into harmony so the body can heal itself.

Module 1: Quantum-Touch Foundations — The Basics of “Running Energy” to Facilitate Self-Healing & Boost Vitality (June 13)

As the course begins, Richard will share the fundamental Quantum-Touch principles and techniques as he guides you through **Quantum-Touch Level 1**.

You'll learn how to access, amplify, and focus life-force energy — **a universal vibration of love and wellbeing** — to facilitate self-healing, boost vitality, and inspire a deep sense of wellbeing.

It's simple enough to be learned by children, yet powerful enough to astound physicians, chiropractors, physical therapists, and a host of health care professionals.

Quantum-Touch will also enhance the effectiveness of other modalities. We'll use simple breathing and body awareness techniques to hold a high vibration of energy and let the body's intelligence do the healing.

In this opening module, you'll:

- Feel and amplify the **life-force energy**
- **Understand the sensations** you encounter
- Link your breath to **body awareness**
- Learn about **self-protection** during energy healing
- Explore how to incorporate self-healing into your **daily self-care practice**

Module 2: Amplification, Hand Positions & Tips to Increase Energy Levels & Experience Deeper Healing (June 20)

As you continue studying **Quantum-Touch Level 1**, you'll learn how to help align a person's hips and cranial bones with just a light touch.

You'll focus on taking the energy to an even higher level as Richard shares the principles of hand positions and working with various types of conditions. You'll explore more **advanced principles of resonance and entrainment**.

Richard will share a method of moving the energy through the system of chakras of the body — for further amplification and for shifting the vibration of the energy.

Richard will also explain toning and what he calls “Chakra Charging for Two.”

In this module, you'll explore:

- The **5 patterns** of energy
- How to apply the **Quantum-Touch principles** you've learned so far, to yourself
- The amplified **resonance technique**
- **Using toning** while “running energy”
- A method of **working with your chakras** to amp up the energy
- A technique for **sending and receiving energy** with a partner simultaneously

Module 3: Harnessing Heart Energy to Bring Healing to Any Part of the Body (or Multiple Parts at Once) (June 27)

As you move on to **Quantum-Touch Level 2**, you'll learn to **work more quickly and with greater ease** — for even more powerful results.

Richard will share how you can significantly enhance your abilities and enlarge the possibilities of what humans can do...

By learning to **amplify the heart energy of the fourth chakra**, we'll take Quantum Touch to a whole new level.

You'll learn how to **align people's hips and cranial bones** without even touching them, and how to work on any part of the body or even multiple parts of the body at once... opening up new human abilities and possibilities.

In this module, you'll explore techniques to:

- Work **more powerfully** with heart energy
- Align **hips and cranial bones** without touching them
- Work on **multiple people** simultaneously
- **Work across time** and space
- Explore new **human abilities**

Module 4: Quantum-Touch Techniques for Healing From Any Distance & Across Time (July 11)

You'll **continue exploring Quantum-Touch Level 2** as Richard guides you to further challenge your (perceived) limits of healing.

As Richard will explain, **you can learn to do healing on multiple people at once** to reduce their pain in minutes, work on multiple conditions at once, help people shift their own beliefs with the use of energy, and work across time and space.

You'll learn additional techniques to safely and visibly **adjust the posture of multiple people simultaneously without touching them**.

Richard will share ways to use Quantum-Touch at any distance and across time. You'll also learn to open yourself to what's called *physiological happiness*.

In this module, you'll learn how to:

- Align **both hips and cranial bones** simultaneously so that it lasts for years
- Work on **multiple conditions** simultaneously with additional techniques
- Change a core belief with the **chakras and energy**
- **Work on healing yourself** using more advanced practices

Module 5: Self-Created Health Part 1 — Techniques to Find the Emotional Causes of Health Conditions in Yourself & in Others (July 18)

Your body has the *ability* to get sick — not as a dysfunction, but as a communication from your own higher self.

In this first of two modules on what Richard calls **self-created health**, you'll discover a concise way to **find the specific emotional causes of health conditions** in yourself and in others...

You'll do this by asking simple questions and learning how to pull helpful information from the answers you receive. This same technique can be used for understanding health, relationships, or financial conditions.

In this module, you'll explore how to:

- **Ask simple questions** to find emotional causes of illness
- Avoid getting lost in a **person's story**
- **Record** the information given
- Help people **receive their own wisdom**
- Nail down emotional causes so the other person unquestionably recognizes that **your findings are true**

Module 6: Self-Created Health Part 2 — Tools & Processes to Release the Core Emotions That Cause Health Conditions (July 25)

Richard will share **vital tools to let go** of the core emotions that have been causing health conditions — including hurt, anger, guilt, shame, and fear...

This is the **necessary first step in the 7-step process** Richard will share to heal the past. After the release comes the insights, forgiveness, self-love... and then what Richard calls *unfathomable self-love*.

This process can take you to a place of self-acceptance that allows conditions to spontaneously clear up — while you actually feel grateful that you once had the condition.

In this session, you'll discover how to:

- Release old hurts and **past anger**
- Heal the past
- Access **true remorse** and forgiveness
- **Embody a forgiveness process** that leads to tremendous self-love

Module 7: Hacking the Law of Attraction to Feel Fulfilled Before Your Chosen Future Arrives (August 1)

When most people teach the law of attraction, they say, “Imagine what you want, believe that you already have it, and live as if it is already true.”

If you think about it, it’s called lying to yourself, says Richard, because you don’t really have the job, the partner, the money, or the bikini body...

Trying to fool the Universe with dishonesty is bad metaphysics.

As this course comes to a close, Richard will share a far more effective alternative in which you don’t have to try to believe something that’s not true.

Richard will teach you how to **envision your possible future, energize it with Quantum-Touch and your love — and learn to be happy *before*** what you’re hoping for arrives.

In this final module, you’ll:

- Discover how to **find a new future**
- **Learn to empower** your chosen new future
- Discover how to **be changed** by your new future
- Avoid the pitfalls of ego and fear
- Learn what to do if you can’t yet allow a new future
