2024-2025 State Assessments

Throughout the academic year, your scholar will participate in a series of state assessments that provide our administrators and academic instructors with important information regarding academic progress. With analyzing this information in addition to curriculum-based measures, our academic instructors can provide and ensure academic success for all scholars.

Below are the areas and grade levels that will be administered assessments in the 2024-25 academic year:

ELA	Grades 3-8
Math	Grades 3-8
Science	Grades 5 and 8
Social Studies	Grades 4-8

Prior to assessments, Academy staff, parents and students will be provided with a flyer, notating what assessments will be given and on what date.

On December 10, 2015, Every Child Succeeds Act of 2015 (ESSA) was signed into law. Section 1112(e)(2) of ESSA states that parents of scholars in Title I schools have a right to know about state and district policies regarding student participation in any assessments This includes policies, procedures, and the parental right to opt scholars out of such assessments.

Please contact Heather Gregory should you have any questions. Thank you.
