

Agricultural Education Class Syllabus

2026 - 2027

Instructor	Email	Location
Mrs. Bloom	mbloom@siouxcentral.org	Room 312

Expectations

Ready to learn: #bell2bell

- Bell rings, class begins = learning materials READY, writing utensil(s), & computer charged(ing)
- Tardy policy - see SC Student Handbook
- Most assignments and labs CAN be completed during class
- You are your own lab tech: retrieve, then clean and return materials - clean up after yourself
- Work respectfully and collaboratively with classmates when the opportunity is given
- Work independently when the opportunity is given and allow others to do the same
- Only one student gone at a time (nurse, restroom), and only during independent work time
- Visit with me if the learning environment isn't working (noise, lights, distance, conflicts)
- Cell phones will be invisible per SC Student Handbook policy
- Remain in your work area until dismissal - we won't waste class standing by the door
- Review info before the next class: reading / research / notes assigned / pre-read labs

Need some help? #askquestions

- Come get help before school, during prep period, lunch, after school, OR by appointment
- Email me (do not text) using professional language and tone
- I am not available, nor do I check email outside of regular school/work hours or appointments

Turn work in / grading: #gitrdone

- Organize all work in a notebook, folder, or binder -- PLEASE leave it in the ag room; notebook/folder checks done at the end of the unit (25-40% of your grade)
- Conclusion questions = points! □ (25% of your grade)
- Projects (40-50% of your grade) will be submitted directly to the teacher or presented live; projects will be evaluated using rubrics
- SAE for All & AET journaling (10% of your grade) - career readiness and work-based-learning

Late work IS accepted: #actionshaveconsequences

- Class topics often scaffold upon previous topics
- Assignments with low scores may be redone or replaced, but points will be reduced
- Extra credit will not be given to students missing scores in the gradebook

You **ask** the questions - **Everyone** contributes - Try to **solve** problems - We value **every** student
We have read the course outline and understand the expectations for agricultural education students.
