

NEONDONUT'S COMMISSION TERMS

(Must be 18+ to commission)

Before you contact me for a commission, you must agree to the following guidelines & rules.

- All commissions are **upfront payments** (No partial payment, No “I’ll pay when I get the money”, No exceptions)
- Please provide a solid reference for what you want done. Multiple pictures are fine.
- I have a life outside of art, so please do not rush when the commission is active. That includes messaging daily asking for constant updates, getting impatient, etc. I don’t mind showing WIPs, but please act civilized when handling business. I don’t like rude customers, and neither would you.
- It is possible that I may not accept your commission, so be prepared if I say no, and do not panic. Our interests will not always be the same. There’s always next time.
- If you request a refund before the commission is finished, you will receive 50% off. If that’s not to your liking, I’m open for negotiations.
- You may contact me through Discord (**neondonut707**) or Twitter (**@Dark3merald**)

***Failure to agree to terms will result in losing
access to future commissions***

Full list of what I will NOT make:

- Gore
