

A Father's Prayer *by Sam Butt*

'Oh Lord forgive me for I have sinned. I did not know any better thus became a Father and for this sin I have suffered. I failed to read or seek advice in Family Law and its written and unwritten commandments and for this sin I repent and humbly seek your guidance and pray that you the most loving and the most forgiving will grant me absolution for my sins as I am created in your own reflection.

Oh Lord help us, for us the meek have no one else to turn to. Afflict our former and present leaders with the curse of marriage, again, and drag them through the dark corridors of family courts where they shall receive enlightenment from the not so enlightened Judges.

Please God show our press the true meaning of freedom of speech, for they sadly not know the difference between, the 'Right speak, and the 'Freedom of speech'.

Oh Lord hear us, we the mere mortals and the meek seek what is our right and not what these sad creatures of the dark afflict upon us. Save us and deliver us from the clutches of evil, whom you shall find in the Yellow Pages, under the title of Government Departments.

Oh Lord hear us and deliver us from the not so wise monkeys, who have never known what to do, what they do and what they are supposed to do.

Oh God show them the light and the path to the local Courthouse, which will show them the error of their ways, after they have been 'Judicially Castigated', 'Financially Castrated' and Emotionally crucified.

Oh Lord save us from The Executive, The U S Supreme Court, The State Governments, The DOJ, The FBI and other government sources and resources of incompetence and corruption, the rest of the Ghastly Ghosts and the Crooked Apostles, for the opposition is too weak to fight for the weak and the weaklings. Help remove them from Public Life, for there, they do not belong.

Please God help us and deliver us from the practitioners of all things that are not dear to us. Can you please stop them from making things dear, that are dear to us?

Oh Lord save us from the Politically Constipated, Judicially Antiquated, Greed Motivated, PR related and the Spin Dictated.

Oh Lord we humbly beg thee for your protection. 'Us the Lemmings, the Intellectually Deficient, the Politically Incorrect and the ones who no one seems to give a toss about.'

Oh Lord save us.

Amen!
