Minutes accepted

NEW BUSINESS

- **Rose City Golf Course Trail**
 - Project was on hold due to departure of PM. We have asked to be included in design process. (see email from Kelly for response from new PM)
 - Ed Gorman—long term plan is to tie in with 72nd ave greenway. Ed presents background of the project. Multi-use trail on east side of 72nd. Plans for the trails (to be ADA) have been in the works for years. Funds to come from ODOT and PBOT going back to 2015 stated plans. Metro also provided a \$2M grant. PBOT awarded the project for \$2.9M to a contractor.
 - Golf trail and 72nd drive are separate projects with some crossover.
 - Was originally presented as a nature trail. Ed thinks new proposed trail to get students to McDaniel and from Ellington is redundant.
 - Ed presented a drawing proposing a multi-use path coming off of 72nd, veering to right heading north. This would provide access to Roseway Heights and McDaniel.
 - Ed and Sharron met with Mark Jamison from Parks Bureau, talked for one hour about short and long-term plan. Mark said he would maintain outreach to NAs.

- Ed claims closing 72nd ave one way violates PBOT's connectivity policy (goes beyond 2600-plus feet distance).
- Zachary is working on scheduling a walk through, and will hopefully learn more about process
- Ed is hoping for more public engagement before the project moves forward
- PBOT is going to put jersey barriers on 72nd where the Road Closed sign was removed.
- Next steps: Kelly to call Allison Stoll and connect with neighboring NAs. Check into committee that the Board discussed.
- Ed is going to add his presentation and support docs to the meeting folder for LUTC

Sharron is talking to Ellington people about setting up Food Pantry

64th & Brazee

Concrete planters have been installed and need adjusting and reflectors

We can paint if we like. They are currently yellow.

Planting will happen in Spring. Vicky is leading effort.

Sharron has been talking with PBOT Director Williams

Board and/or Metro can provide funds for soil & paint

Halsey Project

Has been scaled back. Will be bid in March, begin in Fall.

Meeting adjourned.
