GRANBERG
LANDSCAPING & CONCRETE

Backyard Kitchens: Outdoor living made functional

Granberg Landscaping & Concrete LLC designs and builds backyard kitchens in Sioux Falls, South Dakota that turn ordinary patios into complete outdoor living spaces. A custom outdoor kitchen adds value to your home while giving you a place to cook, host, and relax in your own backyard. Each build includes weather-tough materials and layouts that work with your space. We install grills, concrete counters, storage zones, and seating areas that hold up to South Dakota's seasons.

Backyard kitchens that look great, work hard, and last for years.

- Backyard kitchens built with stone, concrete, and weather-rated materials
- Our kitchens often include grill zones, prep space, and built-in storage
- We design kitchens that connect with patios, fire features, and hardscaping
- Experienced concrete contractors who build kitchens to handle South Dakota winters

Outdoor Kitchen Contractor - Start to Finish Planning and Build

Granberg Landscaping & Concrete LLC works as a full-service outdoor kitchen contractor, handling the entire process from layout to final finish. Our in-house crews manage the design, materials, and installation. From concrete bases to custom counters, we build with long-term use in mind.

Contact Granberg Landscaping & Concrete LLC today to start your backyard kitchen project.
