Please go to page 2 to continue.

Describe how to do the 4 steps:

1. **FEEL** (e.g. What problems did you discover? Which problem did you choose to work on and why? Who were the people affected by the problem? What were their primary concerns?)
2. **IMAGINE** (e.g. List all the different solutions you came up with. Which solution from those listed above did you choose to implement and why?)
3. **DO** (e.g. Describe the process of implementing your solution(s). What was the result and impact of your project? What did the impacted people say about your project? What challenges did you encounter while implementing your project? How did you overcome them?)
4. **SHARE** (e.g. How did you share your project with school and community? Who did you share with? How many of them? What was their response? Share your plan to sustain the impact of your project.)

The submission method was provided by the organizer when you applied for the DFC challenge.
Please read the guideline carefully.
