

[running through the forest] Come on, don't you want to make this difficult for me, darling? It's like you're not even trying to get away. **[chuckle]**...Do you know where I am?...Do you even know where you are running to babygirl?...I'm not too far now...Pick up the pace if you don't want to get caught, darling...Oh you're mine now. I can see your jacket, babygirl...No escaping now...That's right, darling. Run, run as fast as you can. **[chuckle]**...Good girl, keep running. Don't you dare fucking stop. The game has only just begun...Someone is starting to slow down. Are you tired, princess? That's only going to make it easier on me...**[tackle sfx // pinned to the ground]** That's better. Now you can't get away from me, darling. It's so much more fun when I have you squirming underneath me. Helplessly pinned underneath my weight, my massive werewolf form dwarfing you easily. How wet are you, princess?

...**[fabric ripping]** There's no point in lying to me, babygirl. I'm going to see the truth in about a second once all this useless fabric gets out of the way. You're wearing too many layers for playing prey, darling. It should be just a shirt and pair of shorts so I don't have to ruin so many pretty things. Oh well, it's worth it to see your pussy so wet. Practically dripping for me as you ran through the forest. Your scent of arousal was what led me to you, my wolf's nose picked up on it. It was as if you weren't even trying, like you wanted to get caught. My pussy is just as wet as yours, princess. Here, I'll guide your hand right between my thighs. Just like that, good girl. Do you feel it? This is what you do to me, darling. I'm so fucking wet because of you. Naked and pinned underneath me, so small and helpless. So fucking wet for me, babygirl. I think we need to do something about this, don't you?

[wet noises start] Yeah, I think so too. My clit feels good against you, doesn't it? Starting to grind against yours, our hips coming together. That's it, darling. Look up at me when I'm fucking you. I want you to see the face of the werewolf who makes you cum. Mnf, just like that. Such a good girl, always a great listener. Know when to do what you're told. All vulnerable, pinned on your back like this, your pleasure starting to grow the more I grind us together. Yes, that's it, babygirl. Moan for me. Let me know how good it feels. Mnf, just like that. Keep it up, darling. You sound so good. Love making you feel good, having you on your back moaning for me. You always look so pretty when you're helpless like this. All you can do is lay back and take it. Take the pleasure I'm giving you, my clit bumping against yours. Oh you feel so good against me, princess. Yes you do. Moving underneath me, starting to match my thrusts. That's my good girl. I'm so lucky to have such a pretty princess moaning underneath me, taking whatever I give her. It feels good, doesn't it?

...Oh that's it, you're starting to feel good, aren't you?...I bet you are. Pleasure continues to grow as your body moves against mine, finding a steady pace. Your clit throbs the more I play with it, doesn't it?...That's right, that's my good girl. Letting me make you feel so good, that's it. Melt into my touch, I'm here to take care of you. Ngh, make you feel good. My wet pussy gliding against yours as my breasts dangle above you. Go ahead and take one of my nipples in your mouth. You can do it, babygirl. Suck one of my breasts. Ngh, yes. That's a good girl, oh, yes, that's my sweet girl. Flicking your tongue around my nipples as I keep fucking you. Ngh, keep it up. That feels so good. Such an obedient princess, yes you are. Making me feel so good, that's it. Just like that, darling. Do what feels good. You want to cum for me, don't you?

...That's my good girl. So lovely and just for me. Submitting yourself to the pleasure you're receiving, oh that's right. You're such a good girl. Making me feel so amazing. Every grind of my hips against you brings me closer. You feel so fucking good, babygirl. Ngh, can't get enough of you. How you feel against me. My hands reach up to play with both of your breasts. Taking a nipple in each of my hands and starting to gently rub it while I keep grinding against you. It feels so fucking good, doesn't it?...That's right. You don't know if you want to focus on your nipples being toyed with or the throbbing in your clit more. Maybe you don't care. All you want is to keep feeling like this, getting closer to cumming with every thrust of hips against you. Letting out a lovely whimper as I twist both your nipples. Oh that's it. That's a good girl. It hurts just right, doesn't it?

...Mmm, that's right. You're feeling good, aren't you, princess?...That's right. Let me keep making you feel good. Massaging your breasts as my clit grinds against you, that's it, keep taking it for me. You're so pretty when you're being fucked, a look of bliss on your pretty face. Maybe I should always keep you here. Right on the verge of cumming, drowning in ecstasy that I give you. Ngh, how lovely it would be to be able to make you cum whenever I wanted. Keeping you this wet and desperate for me. All helpless while pinned on your back. My hips keep yours firmly in place while I work the both of us, our hips grinding together. Fuck, that feels good. You feel so fucking good, babygirl. Can't get enough of you. Can't get enough of how you feel underneath me. So soft compared to my hardened muscles, mnf. You're such a good girl for me, taking what I give you. I'm so proud of you darling, ngh, helping me get closer every time you move with me. Trying to help me out so that we can cum faster, it feels too good to keep still, doesn't it?...You're just trying to find some friction, aren't you? Ngh, I had no idea you were that eager to cum. Are you really that close already, darling?

...Poor thing, it's adorable how quickly you fall apart for me. You don't stand a chance, do you? You just feel too good. My hands working your nipples as my hips grind harder against you. It feels like it's too much, doesn't it? Kept on the verging of cumming, waiting to hear permission, waiting for me to get close, waiting for a sign that it's okay to let go for me. Mnf, that's right. You're so lovely in your desperation. All sweet eagerness to work yourself against me, keeping yourself right on edge. You're so close to cumming, babygirl. Ngh, yes you are. Doing so good for me. Such a pretty girl, doing such a good job of taking whatever you are given. Helpless and exposed on your back, your clothing ripped and left to the elements. You're mine and mine alone, princess. Mnf, yes you fucking are. Ngh, fuck. Right there. Yeah, yeah. Just like that. That felt really good babygirl. Mnf, fuck. You're going to be the death of me, you know that?

...Of course you do. It makes you smile and beam with pride. Knowing the effect you have on a powerful werewolf, reducing me to some kind of lovesick puppy. Ngh, fuck. You have me wrapped around your finger, darling. You know I would do anything for you. Mnf, fuck. You feel so good. I'm getting close, princess. You want to cum with me, don't you? You've been waiting for a little bit now, being such a good girl. You're on the edge of cumming, hips moving wildly, as you struggle to fight back against it. It's okay, princess. You're such a good girl for me. You're doing so good. So cum with me. You deserve it. Good girls get to cum, darling. You're so good for me, princess. Cum with me. You can do it. Let go and cum with m-[adlib mutual orgasms] That's my sweet girl. What color are you?

...Green, huh? Someone really enjoyed herself then. **[chuckle]** That's good. I thought I might be chasing you a bit too far. You just kept going and I couldn't help myself. When prey starts running away, it makes me want to sink my teeth into the skin and bite. My vision narrowed down to just getting you in my arms and reminding you that you're mine. No one else gets to see you like this. No one else gets to make you feel like this. This is something reserved for me and me alone, isn't it?...That's my good girl. **[kiss]** I love you so much, babygirl. **[kissing that fades out]**
