

TPOT 9 script

shows random scenes of Four interacting with Fanny and Black Hole, showing him eventually having a positive relationship with both.

(cuts to the actual scene.)

Black Hole: Hey Fanny, The S! has lost just as much as us, and they were actually trying! Do you know what that means?

Fanny: It means that they just suck.

Black Hole: Uh, no? It means that preventing death doesn't harm us.

Fanny: But they don't have a choice but to be bad! They just suck! We don't suck, so something is holding us back!

Black Hole: Listen, we're going to prevent every death we can, no matter what.

Fanny: THAT'S IT! I'M SWITCHING TEAMS!

Black hole and Marker gasp

Black Hole: YOU CAN'T DO THAT!

Two: I say she can!

Two whispers to Four: She really can't; I just don't want her to know that.

Four: uh huh...

Fanny: Snowball! I'm on your team now!

Snowball: Great.

Four sees some far away line of electricity that has letters spelling out "Come here Four." So they do.

Remote: Come on, lightning! Four won't show up!

Lightning: We have to at least try! Think about all of the times they dismissed your idea, and you even got out because they're too stupid!

Four: What's going on in here?

Lightning: *gasp* He's here!

Saw: Cloudy, can you put me down now?

Cloudy: Okay!

Lightning: Four, we need to talk about Black hole!

Four: Yeah, I know, he keeps thinking he's great because he sacrifices victory to stop someone from having a split second of pain and a minute or two of not being involved.

Lightning: Yeah! He must be stopped! He even called me 'overreacting', and Cake told me he yelled at Fanny for questioning it!

Four: Wow, it seems like he's even worse than I thought.

Remote: Hey, Lightning, you do realize how angry Four gets when he sees a normal person seeing himself as a hero, right?

(new scene)

Two: Yeah, Clock, maybe it's better if you just go to the elimination area. for yourself and for Winner.

Clock: Okay, fine, but can I have at least one more day here? Maybe I can write something for them.

Two: Sure! Oh, and also, Fanny, it seems to me like you keep becoming more and more distant from everything.

Fanny: Yeah, I wish Lightning was still here. Maybe if Bubble came, that would also be nice.

Two: Hey, how about I tell Four to get this 'Bubble' girl over here?

Fanny: Do you really mean it?

Two: Yes!

Fanny: Wow! You're too kind. Just like her...

Two: Hey Four, can you invite Bubble over here to help Fanny feel better?

Four: *sigh* Fine. But first, I must look for something. Hey you! Do you know something that's immune to being sucked into a black hole?

Golden speaker box (my own idea for a character): Well, black holes don't exactly "suck."

Four: You know what I meant!

GSB: Well, black holes do what you call "sucking" because at some point there's a sudden sphere where gravity suddenly jumps up to a level that you'd need to move faster than light to escape. However, this material called poiuyt can tell when that's going to happen, so it can avoid it, and unless someone pushes it, it won't get 'sucked'.

Four: Well, where is it?

GSB: I don't know! I just know what the thing is. I'm not special or anything; I'm just some guy with a hyperspecific goal.

Four: Ah well, I'll find it myself.

GSB: Oh, and, uh, can you tell me if anyone supports the actions of two people who, according to the person who told me to come here, are named 'Pencil' and 'Match'?

Four: Pffft. Absolutely everyone hates those two.

GSB: Umm, well, that answers some of my own questions. I believe the person who sent me will be happy to hear that.

shows him going underground.

GSB: Hey, Four told me everyone hates Pencil and Match. They have no supporters at all.

The chair turns around, revealing Profily.

Profily: Perfect.

(scene change)

Four tells Bubble to come over and hang out with Fanny on the phone.

Fanny: Hey, Pen and Bottle! Can you help me and Pillow go against Death P.A.C.T.?

Pen: Sure! And I'll also bring my bro Eraser! Oh, and Tennisball can come too!

Tennisball: Um, why are you inviting me?

Fanny: Because Remote hated your entire team but not you, so she's your friend specifically, so because she has a reason to be against these people, you do too! Hey, how about we also add Golfball and basketball?

Basketball: WHY ARE YOU PUTTING ME IN THE SAME AREA AS GOLFBALL?

Fanny: *Whispers* Just trust me, okay?

Basketball: Ummm... Okay then... Oh, hey everyone! *On a stand, for some reason*, raise your hand if you care about Robot flower! *Almost no one raises their hand; even the armless characters have artificial hands and are just refusing to raise them.*

TV: I crave violence. *Kills everyone who said no except Black Hole*

Black hole:

(scene change)

Four: (recovering everyone) Hey, does anyone know where some poiuyt is?

Two: I believe there's some in this garbage pile by the hotel.

Four: Oh, here's some! But geez, why are people just throwing their trash outside instead of in the trash?

Snowball: I got this! Hey, hotel people, stop littering! This is a giant meeeeeesssss- (intro plays)

Basketball: Clock! Say something good about Robot flower!

Clock: Umm, robots are cool?

Basketball: good enough, you're in! Hey, I'm here to help you with Winner!

Clock: Well, I have to go soon, but I guess you can help me write a letter for him.

Basketball: Uh, okay, sure! I guess it should say something like: Dear Winner, (Insert part of an apology letter for obsession here.)

Clock: Wow! Thanks for helping!

Basketball: You're welcome! Now help me with Robot Flower!

(shows TV dancing for killing those people with robot flowers contained in cardboard.)

Icecube: And that's why Clock was so obsessed with you.

Winner: So he was forgotten like me? Geese—that must've been tough. Though I wonder why he just left Cake and Eggy for me. Did you leave a friend in TPOT 1?

Icecube thinks about Book

Icecube: nope.

Icecube starts to look at Book, as if she misses her. teardrop notices and gives an 'I see what's happening here' look. Teardrop writes something down.

Icecube reading it: 'Well, it seems like you're longing for Book'- wh- NO I'M NOT! That girl's a monster! Do you remember how she treated Taco?

Teardrop writes more

Icecube: 'Everyone else forgave her for that, and you're just too vengeful in general. You know she's changed. You heard her deeply apologize to people, and I'm fairly certain she would've apologized to you too if she had the chance.' Okay, yeah, I don't care.

Teardrop writes one last thing.

Icecube: 'I know one thing for sure: you need friends. Book used to be your best friend. And that, and so many other things, make it obvious to me that your life would be better if you *didn't* want revenge.'

Icecube looks up, seeing Teardrop left.

Gaty from a distance: Hmm... Teardrop has a point. Maybe I should talk to Book too.

Pin: Too bad you might get eliminated. But at least you'll see Saw!

Two jumps off a seesaw.

Two: Well, there are still 40 seconds until cake at stake starts, so we might as well sit here.

Nickel: Hey, Book, I noticed you've been acting weird; did something happen?

Book: Well, fine, I'll tell you. (new scene)

A helicopter comes from nowhere. Bubble comes out

Fanny: Bubble! *jumps on her, getting hugged in response.*

Bubble: Fanny, I've missed you so much! It's great to see you again. We have so much to catch up on. I also brought Ruby!

Ruby: HI! It's so nice to be back!

Bubble: Oh yeah, someone else also came with us.

Purple face comes out of the helicopter.

Purple face: Hello every one!

Yellow face: How did you escape the box?

Purple face: A bunch of people broke into your warehouse and accidentally broke the box keeping me trapped. Why do you have limbs?

Donut: He stole them from me and Icecube.

Purple Face: Oh! I should stop that! Wait, hey Donut, do you have a second to talk about your-Two: It's cake at stake time!

Cake at Stake song plays

There's a total of 71494 votes! (If my math is bad, I'm sorry.)

Four: wait! I have to say something!

Two: sure! Go ahead!

drum solo starts

Four: 🎵 despite your popularities, the viewers got in a crazy vote battle that almost ended in a 12-way tie for last place. 🎵 *Everyone gasped*

Four: we were on the verge of all 12 of you all having the exact same number of votes! However, in the end, there was a difference between the total. It's a tiny difference, but it's there.

Two: are you okay lost their last member first, so let's start with them! The first one safe is Eraser! (6324) So you get an oreo!

Eraser: heck yeah!

Two: Also safe are Pen, (6288) Tennisball, (6281) and Puffball (6276) So the last two are Golfball and TV!

Golfball: Wh- me? in the final two? Eh!

TV: *Plays sound of silence on youtube*

Two: SO let's see the final vote count!

Golfball: 6269 TV: 6264.

Two: Sorry TV but you have been eliminated. Now it's team8's turn! First safe is Dount! (6412) same for Gaty (5823) and needle! (5021) Pin (4945) is safe as well! Now it's down to Coiny and Barf bag!

Pin: Oh no! Coiny, I hope you're safe.

Donut: Barf bag, we're not *that* close, but I'd rather you stay.

Two: And the final vote counts are: Coiny: 4927 Barf bag: 4921.

Two: Barf bag, It's sad to say that you've been eliminated.

Purple Face: wait Two, I need to tell Barf bag something.

Two: Alright, Purple Face, make it quick. Barf bag, Purple Face has something to say to you before you leave.

Purple face: Barf bag, I don't know if you've noticed, but, Donut is kind of a jerk.

Donut: Wh- no I'm not.

Gaty: No wait, Purple face has a point! Remember all of those times you yelled at Gelatin! Donut: He deserved it!

Barf bag: No he didn't!

Donut: You're taking his side?

Pin: You aren't?

Everyone is ganging up on Donut

Purple face: don't worry too hard. You're far from the person I'm the most angry at.

Two: Hey donut, where did your arms go?

Purple face: Yellow face took them. He also took Icecube's legs.

Two: oh, I'll get on with fixing that. *eliminates TV and barf bag*

Fanny: And that's how we got here!

Bubble: wow! That's nice!

Fanny: Hey, you said a lot about what happened during BFB, but not much after.

Bubble: Oh, don't worry, my life got way better!

Fanny: good. Though I wish you had said specifics.

Bubble: Well, there are some things I'd rather not say.

Fanny: Oh well. Though you clearly changed.

Bubble: oh?

Fanny: No, like, changed in a good way. You seem way more confident now.

Bubble: Thank you! Anyway, I'm going to go talk with other people with Ruby.

Fanny: Okay.

Snowball: Let me guess—you're still grieving over lightning.

Fanny: *sigh* yes.

Snowball: Don't worry, he was my friend too.

Bubble: Oh! Snowball, I appreciate you showing concern for me in BFB 13! Snowball:
No problem.

Nickel: Yeah Book, you should tell people this stuff.

Book: Sorry.

Nickel: Well, I'll help you tell the rest of the team, okay?

Speed forward to see Book talking with Bubble and Ruby.

Book: Well, Bubble, it seems like you've become way happier than you were the last time I saw you.

Bubble: Yeah, I've got a lot of help from—well, perhaps I shouldn't say.

Book: Oh, okay.

(New scene)

Purple face: Excuse me, I need you to do something.

Golfball: Okay, what?

Purple face writes stuff down.

Purple face: Just tell the people on this list that you're 'sorry for something'. Golfball: Uh-huh. *She just leaves.* Purple face: I guess this will be harder than I thought. Why must three season 1 contestants be eliminated already?

Two: What are you talking about? Only one OG has been eliminated, that being Rocky.

Purple face: huh? That makes no sense!

Two: What do you mean?

Purple face: Well, Four had: 1. Fiery; 2. Blocky; 3. Woody; 4. Flower; 5. Teardrop 6.

Bubble 7. Spongy, and 8. Leafy! You have: 1. Coiny; 2. Icy; 3. Pin; 4. Needle; 5.

Tennisball. 6. Golfball 7. Rocky 8. Pen 9. Eraser, and 10. Snowball!

Two: What about that?

Purple face: That means you and Four combined have 18! There were TWENTY original contestants! That means Two of them didn't pick either of you! Where are they?

Four: Let's just say they're in here! *Pointing inside herself.*

Purple face: *Right....*

Coiny: I'm gonna tell him.

Pin: Don't you dare!

(new scene)

Profly: So are these some of your friends? *There are a bunch of speaker boxes.*

Golden: Yep.

Bubble: Hey Fanny! I made this for you! *gives Fanny a plush of Lightning*

Fanny: Wow! Thanks Bubble. I'm glad I have something that makes me feel like he's here, also, just the fact that you're the one who made it makes it better.

Bubble: Aww thank you!

Tree from a distance: Hey Black hole, have you thought of a plan to get me back to normal? Black hole: Sadly no, you're gonna have to stay like that.

Grape?: But what if I kill 5 people at once? *Is holding 5 random contestants*

Black hole: I mean,

Grape: You and Marker could only save 3.

Grape tries to kill all 5 of them with 3 being saved.

Black hole: What was the point of that?

Grape: If you would've killed Tree so I- I mean Four could recover him, that one death would've prevented two!

Black hole: Four, what are you doing?

Grape: Who's Fou- well okay you got me. However, I will keep doing this until you kill tree, so that will be the only way to limit death as much as possible. Like how if you all get eliminated people will die anyway!

Two: Or I could just do this!

Throws a lighter at tree

Two: There! Now lives will be saved.

Four, recovering Tree, still in his grape costume: Great job, you ruined my plan.

Two: Oh, okay. Anyway, we need to come up with a challenge, so I want you to come over.

Marker: You know, Four has a point.

Black hole: does he though?

Marker: yes

Black hole: no!

Marker: Just think about it.

Black hole: Uh huh.

Marker: You refused to kill him knowing that even without Four the amount of death would actually go up!

Black hole: and I'm leaving.

Four: after this can you help me look for something.

Two: I'm a game show host! Of course I can't.

Four: Why is this so hard?

Book: and that's what happened.

Bomby: Why didn't you say it sooner?

Nickel: I guess she was just uncomfortable.

Purple face: Also you were a bit rude to her bomb boy.

Bomby: WHAT?

Purple face: *plays that one scene from tpot 2, then gets uncomfortably close to Bomby*

Bomby: Um, well, uh,

Purple face: You're way too aggressive.

Bomby: NO I'M NO-

Purple face: *Chucks Bomby over somewhere, almost hitting Bubble.*

Fanny: HEY! You almost hit the purest girl ever! Watch where you're throwing, Purple Face!

Bubble: Hey Fanny! I can take care of this myself. Hey Purple face, next time you do that, make sure no one is in the way alright?

Purple face: uh- okay.

Fanny: Wow- uh,

Bubble: Hm?

Fanny: I'm just so used to you being a pushover that I was caught off guard.

Bubble: well it has been almost 4 years since we were really in the same place together. How about this, if I think I can solve a conflict on my own, I will, but if I think I need your help, I'll give you a little nudge on the shoulder.

Fanny: Okay, got it.

Nickel: So, Book, I guess we should go to Price tag next.

Book: alright.

Nickel: Oh, and Icy has been looking at you weird.

Book: What? *looks at Icecube*. Huh, I guess she is.

(New scene)

Two: It's time for the next challenge!

Nickel: Well I guess we'll have to do that later.

Golden speaker box: Wait, you're having a competition?

Profily: Yep!

Two: The next challenge is

Four: Mini hunger games! so you have to kill people.

Black hole: or I could just suck them out of bounds.

Two: Uh... actually the challenge is.

Four: killer tag, if you kill someone then you get a point.

Black hole: I could force a stalemate and you'll need to create a tie breaker.

Two: No... the challenge is

Four: the challenge is

Two puts his hand on Four's mouth

Two: The challenge is to throw this giant pile of trash away. Each team has their own giant trash can. The two teams whose thrash weigh the least are up for elimination. However there's a twist.

Whispers the idea into Four's ear.

Four: Ooh! The funny thing is Black hole loves that game! So having people die that way would be bad for him!

Black hole: Wait, you don't mean,

Two: The twist is that I'm turning the ground, *puts his hand onto the ground, and gray squares, with the occasional brown square, and the ones on white that border brown have numbers on them* Into a giant mine sweeper board!

Black hole: NO! Imagine the death!

Four: Yes, YES.

Two: actually, stepping on a mine doesn't kill you, it just teleports you into a floating giant box for 30 seconds before you can continue to help.

Four: Gah! CAN'T YOU SEE I'M TRYING TO GET BLACK HOLE TO KILL PEOPLE!

It zooms out to see everyone heard that

Four: perhaps I should've said that I bit more quietly.

Gaty: Where did you get the whole minesweeper idea?

Two: It just came to me while I was reading people saying you're like my therapist or whatever.

Gaty: What? I mean, I may give advice on how to solve some problems and be a good person for you to talk with, but being a straight-up therapist for someone seems more like something Taco would be good at. I mean, she managed to get over the experience of us thinking she betrayed us rather quickly, so she could help others do something similar.

Purple face to Profily: Don't say anything.

Golden speaker box to Profily: Wait, did something happen?

Profily: It's nothing.

Four: Anyway, I'm gonna go look for something.

Purple face: And I'll help people get out of petty conflicts while also trying to find where the missing 2 season 1 contestants aaaaarrrrreeeee- (intro starts-)

Golden speaker box: wait, wasn't that already played?

Profily: Yeah, but, let's play it again, for good measure.

Purple face: How about no.

Two: Oh and, Yellow face, we'll need to return those stolen limbs. *returns Icecube's legs and Donut's arms back to them*

Yellow face: it was fun while it lasted.

Two: Ready, set, Go!

Black hole 'sucks' a lot of trash into Death Pact again's can

There, now we have a little more than 1/6 of the trash, so it's mathematically impossible for us to be in the bottom 2.

Tree: That makes things easy.

Two: Oh, and I have flags, so you can mark where mines are!

Basketball in a 'ha ha I win you lose' voice: Hey Bell, what was that about Robot Flower being 'more useful this way'?

Bell: Oh please, you can't prove me wrong, and neither can TV killing me!

Basketball: No! Just help!

Bell: You should be doing something that's your fault on your own!

Snowball: Bell, that has to be the dumbest thing I've heard today!

Purple face: Why yes! Remember. How she yelled at Taco for something that was just for a challenge, and didn't care that Taco apologized and was in pain regardless?

Bell: Yeah I don't care! That was bad, and nothing would make me forgive her!

Purple face: Are you kidding? You've done much worse! You're too angry for your own good!

Bell: No I haven't, and there's no such thing as 'too angry'

Purple Face suddenly jumps on Bell trying to eat her because it's Purple face. Grassy tries to speed up the process by punching Bell into Purple face's mouth but hurts his hand. But Purple Face eats Bell anyway, chomping her into several pieces of metal.

Fanny: Let's go Purple face! At least you didn't almost hurt Bubble this time.

Purple face goes over to just-not

Purple face: Hey Pillow.

Pillow: Oh, hello-

Purple face puts something on her.

Purple face: hah! Now the next time you kill someone, you yourself will die.

Pillow: Oh well, I guess I'll find more peaceful ways to do research.

Book: Wait, THAT'S ALL IT TOOK?

Nickel: Oh hey Pricetag, Book needs to talk with you about something.

Purple face: Now it's time for the only person it seems I have left to deal with. The person I have more anger towards than anyone else.

Golfball.

Golfball: Okay, Puffball, We'll put the garbage on top of you, and you'll carry it.

Pen: No don't! *Lifts Golfball up* are you really gonna go through with the orders of this fool?

Purple face: Allow me to help with this. Golfball, don't you think Tennisball has been rather lonely without you lately?

Golfball: I.. Really don't care.

Purple face: Well you seemingly have been seeing him more as just a smart dude than an actual friend.

GolfBall: Yeah, so?

Purple face in his mind: I can't just eat this one, then the pain will be over too quickly.

(scene change)

Coiny: Well now that we, *camera zooms out, showing they killed Donut by shoving Needle's point into him* punished Donut, let's go throw some trash away!

Gaty tries to spread her legs in a 'let's do this' way, but accidentally steps on a mine, and gets teleported into the box

Gaty: Dang it.

More people teleport into the box

Gaty: This triggered my claustrophobia quickly.

(meanwhile)

Four: ah, there it is! My flying contestant obliterator! Though I should probably get more. Black hole better worry.

(anyway)

Gaty teleports back

Gaty: I'm coming to help guys!

Purple face: So you don't think you have anything to be sorry for. At all.

Golfball: Yep.

Purple face: *Picks Golfball high off the ground* Well in that case, *chucks her*

Are you okay: *Gasp*

Purple face: Tennisball, before you say anything, remember that she doesn't care for you. She's just using your brain, because it's clear hers is broken. Besides, despite all of the times people went against her, she's still going right back to being a bossy bot.

Tennisball: Uhh... Okay

Purple face: Oh, GB Remember when no one listened to you, and only to 8-Ball? Well even after you apparently 'learned your lesson', you went right back to our ways which caused them to do so. *chucks her again*

(New scene)

Four: Okay, now I have a suit out of this poiuyt stuff, so this should be easy.

Snowball recovers Bell then puts duck tape over her mouth

Snowball: That's for Taco!

Four: What's going on here?

Fanny: Basketball is trying to fix Robot flower, but she can't figure anything out.

Four: Have you tried pressing the reset button?

Basketball: The what?

Four: You know, that one button on the back of electronics that put their settings back to where they started.

Basketball: Can you show me?

Four: Hmm... found it! *presses the button*

Robot flower falls over.

Basketball: :O

Robot flower: Wh-where am I?

Basketball: It worked!

Robot flower: What worked?

Fanny: I hate that you missed the obvious solution!

Snowball: Can you guys help with the challenge now?

Basketball: On it!

Grasy: On it!

Bell, reluctantly: *muffled by the tape* on it

Robot flower: Wot?

Red speaker box: (another one of those speaker boxes I made up): Why hello the rest of strongest team on earth! Snowball told me about you!

Basketball: I'm guessing what he said about us is completely false.

Blue speaker box: Well the team I'm supporting (Death P.A.C.T. Again) already won sooo...

Black hole: hey, how about we help other teams so the challenge ends sooner and there's less chance for death?

Marker: But then whoever is on the team we help the least would feel bad.

Black hole: At least they wouldn't die.

Marker: I'd rather get killed in a challenge and come back seconds later than feel under appreciated by everyone, and I'm sure most would agree.

Black hole: Marker, are you okay?

Marker: Hey! Rude!

Black hole: AARGH!

(New scene)

Purple face: Speaking of which, why were you so rude to Basketball all of a sudden?

Golfball, exhausted: She betaryed me, remember?

Purple face: It was your own fault she did so. You constantly undermined her and treated her poorly. It's no wonder she felt betrayed by you.

Golfball, frustrated: I was just trying to assert my authority as the team leader.

Purple face: Asserting authority doesn't mean belittling and disrespecting your teammates. You need to learn how to lead with respect and teamwork.

Golfball starts running to Purple face trying to bite him.

Purple face kicks Golfball up into the air.

(New scene)

Two: There's only a quarter of the garbage left! Let's see the current standings:

Just not: 18%

Death pact again: 17%

The sl!: 10%

Team8s: 10%

Are you okay: 8%

Strongest team on earth: 8%

Teardrop: 4%

Teardrop panics

She picks up a whole hecking lot and starts running

Cyan speaker box: Good job TD! I think you're rather safe.

Snowball: Where are all of these speaker boxes coming from?

Golden: I was invited here by Profily. The rest just followed me for some reason.

Gaty recovers Donut

Gaty: Donut, listen, you may have issues, but we need your help. We're close to being tied for last place at the moment.

Donut: Then I'm helping!

Gaty: Okay!

Black hole: Hey, just not, you're already good to go. How about you start helping other teams so the challenge will end quicker? So less people will die.

Nickel: Won't that make one team feel underappreciated? I don't think that's worth slightly less people going through a second of pain and a minute of not being there.

Black hole: That's exactly what Marker said-

Pillow: Hey Fanny, bring everyone in your group over here!

Book: Okay but afterwards I have something to tell you.

Fanny: Guys! Come over to Just not's can!

A lot of people come over

Black hole: What the-

Marker: Black hole, can you not make Death prevention your priority for 1 minute?

Black hole: Marker, if there's no death prevention, then there is no pact.

Tree: Yeah!

Marker: True, but there's something you must know.

Black hole: and what could that be?

Marker: I-

Marker picks up Tree

Marker: ALSO hate the pact!

Marker throws Tree into Black hole

Black hole:

(New scene)

Bubble: Do you hear something?

Ruby: Eh, it's probably nothing.

Profily: Now we are just here with our thoughts. Like how I'm thinking about how much Pencil and Match suck

Ruby: What? They don't suck!

Profily: Are you kidding? They're the biggest buttholes ever!

Ruby: Huh?

Bubble: Ummm... what Profily is saying is true, but we were all too nervous to tell you.

Profily: You know what? I'm just going to explain why they're huge jerks now. I think it's about time you learn.

Marker: What's the point of preventing death if we'll be recovered anyway! Because of that, Death is not that big of a deal anymore, so we shouldn't act like we'll be 'dead dead'

Black hole: SO these people would actually rather die then be eliminated? Or feel under appreciated? Or something?

Everyone: Yes

Black hole: Really?

Marker: Now there was a time when death would've been permanent, but that ended because of three words Clock said to end it.

It zooms out, revealing Clock was there, and he was shocked, then smiled

Marker: Bring back Four! *Puts his hand in the Four shape*

Four starts appearing

Four fully spawns

Four: Black hole, did you just forget that I can recover people?

Black hole: No! I was always aware of your ability.

Four: Then what's the point?

Black hole: Because death might not fully end someone, but it still causes pain.

Four: Is it as much pain as... this?

Black Hole: Uhh, yeah?

Four: Black hole,

Do you think you're a hero? Is that what this is? Do you think you deserve a gold medal?

Black Hole: Hero? No, I don't consider myself a hero. I'm just doing what needs to be done, even if it means causing pain.

Four: Interesting. So, you believe the ends justify the means?

(Goes back to Purple face seeing Golfball fell)

Purple face, slamming Golfball against the wall: This is for telling everyone what to do all of the time!

Black Hole: In a way, yes. Sometimes sacrifices have to be made for the greater good.

Four: But is going for the greater good always the right idea?

Purple face, Running Golfball across said wall: This is for not listening to anyone else!

Black hole: Uhh, yes?

Four: NO! Sometimes the 'greater good' causes problems. It's still the greater good nonetheless, but if it causes problems, then you shouldn't go for it!

Purple face, Chucking Golfball off of the wall: This is for forcing everyone to do what you want!

Fanny: Wow four! You're slightly less bad than I thought.

Four: Anyway Black hole, why are you preventing death anyway if you know people can be brought back?

Black Hole: Well, even though people can be brought back, death is still a traumatic experience for those involved. Preventing death means preventing that trauma and allowing individuals to continue living their lives without interruption.

Purple face, running into Golfball: This is for thinking you always know how to do things and everyone else is stupid!

Four: Though do you really need to prevent as much as possible no matter what happens because of it? Even if it causes many people to feel worthless? Even if you have to go through more physical pain than it's worth?

Even if you get **Eliminated**?

Purple face, slamming Golfball into the ground: This is for being rude To basketball for no reason!

If Liy was there in bfb 7, she would've allowed Remote to plant the bomb because it helped with the challenge. In bfb 11, Liy would've told Pie to push Flower over. She cared about preventing death, yes, but she would still rather win the challenge, and I'm sure she'd be very disappointed in you.

Purple face, slamming Golfball's face into the dirt: This is for seeing Tennisball only for his brain, not letting him leave you, and even neglecting him!

Black hole: Do not bring up Liy! Remember how she looked like she would kill someone!

Purple face 'kicking' Golfball across the dirt: This is for 'disrespecting' Grassy or whatever!

Four: Why didn't you support her though? Also, don't I look like I will kill someone? The way I see it, it just seems like you want people to like you.

Black hole: huh?

Profily: (Four can't hear them) wait a minute, What? Black hole wouldn't do something just to make people like him!

Golden: I'm guessing this Four guy is a menace at times.

Purple face, swinging Golfball around and around really quickly: This is for not letting Puffball participate, and getting mad at fries for calling you out for it!

Profily: Yep. Though I guess Black Hole does want people to like him. People only care about him because he 'sucks'

Golden: Again, Black holes don't really 'suck'! Though I guess that's sad for him.

Profily: Anyway, where was I?

Golden: You were explaining to Ruby why those stick girls are bad people.

Profily: Oh yes, ANYWAY.

Four: Oh Blackhole, you really do suck.

Golden:

Purple face: putting a cloth over Golfball's head, suffocating her: This is for making the exact same mistakes, even after being punished for them again and again and again!

Four: Anyway, remember this? *pulls out the flying contestant obliterator*

Black hole: *gasp (bfb 5 flashbacks)*

Four: Until you let go of your messed up ideals, I'm just gonna kill and recover you over and over.

Black hole: But- but-

Purple face: Getting ready to fully body-slam Golfball: and this is for YOU!

Four shoots the thing at Black hole, then recovers him

Black hole: *runs* Two! Recover Tree!

Two: Okay! *recovers tree*

Black hole: Four is threatening to repeatedly kill me with that thing. I need your help to pull it out of his hand.

Tree: pull?

Black hole: Okay maybe using the word 'suck' isn't that bad after all.

Four: I'm coming Black hole!

Tree: Jumps into Four and takes the device

Four: Hey!

Fanny: *Gasp* we need to get the device back to Four!

Pen: I got this! *Tries to grab it from tree's hand*

Eraser jumps on tree

Bottle grabs it

Bottle: I got it!

Fanny: Now return it to Four!

Black hole: Not if I suck it from your hand!

Bottle throws the device

Four catches it, then shoots Black hole again, then recovers him again

Tree: Give it too me!

Pillow: Ha ha! I'm in your way now!

Black hole: Just keep moving and Four will be exahusted eventually.

Tree: Get out of the way! *Throws Pillow behind him*

Pillow lands near Book

Book: Oh hey Pillow! I need to tell you something.

Pillow: Okay! Go ahead!

Book starts talking, then it zooms out, revealing Icecube, still with what Teardrop wrote for her

Snowball who just showed up: Let me guess, that message is about Book.

Icecube just gives it to Snowball

Snowball reads it

Purple face is about to body slam Golfball

Golfball: I know everything about the missing Two contestants!

Purple face: wait, what?

Golfball: You were wondering why two contestants were missing. I can tell you everything about them.

Purple face: So what you're saying is, if I spare you, you'll let me know about those Two?

Golfball: Yes, I promise.

Purple face: Alright, but I better see you apologizing to people and cleaning your act up.

Golf ball: Alright, I'll tell you.

Black hole: Gotta run gotta run gotta run gotta run

Four: COME BACK HERE!

X: Hey Four?

Four: Yes?

X: What's the pass code for the nintendo switch 'parental controls'?

Four: Well let's see, it's mid december 2023, we're having Tpot 9 right now, there are a lot of new people here, and it's a full moon, so... *seemingly doing math in his head* 3874.

X: Got it!

Black hole: *sucks up the device when Four wasn't paying attention*

Four: Hey!

Black hole: well that's a relief.

Four: Oh well, *pulling out a second* good thing a brought a spare! *zaps Black hole with it*

Tree: You've got to be kidding.

Pillow: Hey purple face? I- what is this?

Purple face, sitting on Golfball: Nothing.

Golfball: You said you were done with me.

Purple face: No, I said I'm done pushing and shoving you and everything.

Pillow: Well I'm just gonna, *kicks golfball from underneath purple face* There we go! anyway, I want to talk with you about something.

Purple face: Sure! Go ahead!

Pillow: It's about Book,

(Back to Icecube and Snowball)

Snowball: Yeah, I agree with Teardrop. You've been super lonely lately. Maybe giving Book another chance will help with that.

Icecube: No! I'm... not

Snowball: See, you hesitated. Who knows, maybe you miss Book and don't even notice.

Icecube: Wh- I

Snowball: Anyway, gotta go finish the challenge! And my team has just the thing.

(Back to Four)

Four: Where is he where is he?

Fanny: I found him.

Four: Really? *Goes over to where Fanny is*

Black hole: Oh shoot oh shoot

Fanny: Hey, where's tree? What if he steals your device?

Four: That's not gonna happen. Relax.

(Meanwhile)

Golfball lands near Pen and Eraser.

Golfball: Oh, hey do you guys want too

Pen pulls out a lighter

Golfball: Wait you're not gonna

Pen burns Golfball

Golfball: AHHHH

Eraser dunks Golfball underwater, putting out the fire in the most painful way possible

Golfball is in pain

Eraser removes her from the water harshly

Golfball: Don't EVER do that agi-

Pen chops her with an axe

Pen and Eraser high-five

Eraser: Hey Pen, is Tree approaching four?

Pen: Hey! We're coming for you! Puffball, give us a ride!

Puffball: Okay dokay!

Pen and Eraser jump on Puffball

Four is about to shoot Black hole

Tree rips the flying contestant obliterator out of 4's hand

Pen jumps off. Give me that!

Tree: Why should I?

Pen: He literally said I was dead to him for leaving the pact!

Tree: Well you're dead to Me too!

Four zaps tree with his laser hand Thanks for holding him off!

Clock, using giant blocks to give his letter to Winner: You can't step on a mine if you don't touch the ground!

Black hole: Wait, can Clock activate a mine despite being eliminated?

Two: I think anyone will get teleported into the box

Black hole in his mind: wait a minute, that's it! I just need to make Four step on a mine!

(Back to Profily)

Bubble: See Ruby? Pencil and Match were huge jerks. I just never had the guts to tell you. But I say 'were' instead of 'are' because it's been so long since we've seen them, they might have changed by now.

Profily: Yeah, that seems reasonable. Ruby, take as much time as you need to process what I've just told you. Also, what Bubble said also seems reasonable, but you two might want to go home now.

Ruby: Alright...

Fanny: Wait Bubble! I just want to say, thanks for coming over. I've felt very lonely since Lightning got eliminated. But this? Between everything, this might've been the best day of my life! And if he was here, and you could stay for longer, that would make it even better. Please come again later.

Bubble: Thanks Fanny! I had a good day too!

Bubble and Ruby get on the helicopter

Ruby: Purple face, it's time to go home!

Purple face: Okay! Oh and Pillow, make sure to do what I told you to with Book!

Ruby: Wait, what about Book?

Bubble: Yeah!

Purple face: ah, it's nothing.

Purple face gets on and the helicopter flies away

Profily to Golden speaker box: Okay, NOW we KNOW that no one supports Pencil and Match anymore.

Golden speaker box: But what if Bubble is right about them becoming better?

Profily: Well, at least planning this was fun. And if they continue to act out, then we can go trough with the plan. Make sure to bring the other people here.

Golden: Alright. Anyway, I feel like I should go home now too. What about you fellow speaker boxes?

Red speaker box: same

Blue speaker box: Yep.

Green speaker box: Actually, I want to do something else here.

Cyan speaker box: I also have... *reasons* to stay away from home for a bit longer.

Green speaker box: Well... uh... maybe you can help with my idea then.

(Over to Snowball)

Snowball: Now with this giant backpack, I can move all remaining garbage to our can!

Starts walking

Fails to notice Pillow stealing some of it

Snowball: Hey, why are we still in the bottom 2?

Just not: 18%

Death pact again: 17%

Teardrop: 15%

The s!: 13%

Team8s: 13%

The strongest team on earth: 12%

Are you okay: 10%

Black hole: okay, ooh! There's a mine there! Now I need Four to step on it.

Pulls a block from Clock over to a good spot

Four: Hey- *Proceeds to step on a mine*

Pen also stepped on a mine at the same time

They teleport at the same time and clip into each other

Pen: What the-

Four: Hold on. Hey Two!

Two: Oh! *separates them.*

Four: Oh, I'm gonna- *sees black hole sucking up the device* dang it.

Two: What's going on here?

Four: Black hoke thinks preventing death would be worth causing every other imaginable thing to happen and called people crazy for disagreeing, despite how likely it was for him to have gotten eliminated!

Two: Oh! Well, uh, then I'll, *puts a force field around Black hole*

Black hole: oh come on.

Two: I guess I'll let you go next episod- OH!

Two: Pillow put the remaining trash away, which means just not wins with 20% of the trash!

Book: Yes, we win!

Pillow: Oh, Book, I talked to purple face. He told me to tell you some things.

Book: Ummm

Okay.

Pillow: He said you shouldn't feel guilty about things in the past, and you should still tell people if they're doing something wrong, even if it makes you feel like you're being rude.

Book: Oh, well, thank you for that then.

Pillow: Oh, and he also said that you've been quite lonely and have been touch starved for a long time, and I'm an idiot and the logic of this show was sold due to budget cuts a long time ago, so... *suddenly hugs Book*

Book's eyes start sparkling as she returns the hug

Two: Oh and, Fanny? Remember when I said you could switch teams? That was a lie. You're still officially a death pact again member, I just didn't want to tell you.

Fanny: Wh- well at least I'm not up for elimination.

(goes to voting screen)

Two: Viewers! Vote for a member of the strongest team on earth or are you okay by the letter in square brackets, to save the contestant you don't want eliminated! You only have one vote, so choose wisely!

(post credits scene)

Clock: Oh! The mines are gone *jumps off the blocks*

he finds winner

Clock: Hey Winner, I know you're mad at me still, but can you read this? *Gives him the letter*

Winner: *Grabs it* fine.

Clock: Great! Hey two, you can send me back now.

Two: Alright. *Formally eliminates Clock*

Cyan speaker box: Hey, what were you trying to do?

Green speaker box: You know how I've always wanted to be an alchemist?

Cyan: Yes, and I'll gladly support you with that, but what does that have to do with it?

Green: You know how it's very easy for that girl named 'Bubble' to die?

Cyan: Wait, are you saying-

Green: Just trust me here. Now, some people say that her kindness, which was already large to begin with, only grew as she aged. I disagree, however. I believe that her kindness remained constant throughout her life. It's just that as she grew older, she became more skilled at expressing it and understanding the impact of her actions.

Cyan: What does that have to do with anything?

Green: She may have become more confident lately, but her fear may still be holding her back. She may have trouble doing certain things because it's so easy for her to die. But what if she just... didn't pop. Then she'd be able to go into more situations than before, and more people could be helped.

Cyan: So you want to make a potion that will make her...

Green: Improbable.

Cyan: Oh right. I forgot you have to put at least one pun in every conversation you have.

Green: Come on, if we had faces, you'd be smiling.

Cyan: I know and I hate it!

Two: you two do realize I can hear everything you're saying, right?

The speaker boxes look weirded out and leave

Robot flower: I still have no idea what's going on.

(Goes back to the exit in April 2020)

Liy: How about we go the other way?

Stapy: Nope, it's just similar stuff on this side too.

Firey Jr. I found a hatch above the door and saw an exit place, but no way to get there.

8-ball: why don't we find stuff inside of the lockers

shows montage of them opening the lockers and finding stuff inside.

Braclety: What can we do with all of this?

Stapy: We can make a ladder out of this!

Dora: *enthusiasm sounds in Spanish*

Liy: So where should we go?

Pencil: Match and I have a stronger bond than any other 2 people here, so it makes sense that we should go into that floating castle.

Stapy: Why? Are you not capable individually?

Pencil: Noo... going into a castle just seems like a two-person job that's all.

Liy: well, I'm going into that smaller forest,

Stapy: I'll go to those other floating islands,

more assigning roles later

Liy: and Bracelety, you can just, stay here and guard the place. Now everyone, eventually come back here with whatever you find!

David: aw -yeah!

Pencil and Match go down the ladder

Pencil: Hey, have you heard that a pandemic hit the world last month?

Match: That's ridiculous!

videos ends.
