★ == Payment for Commissions/ YCHs == ★

Must be done through paypal in USD \$ only.

I do not accept E Checks

Any commission sketches you reject may be resold as YCH. You must be OK with this.

I will require your paypal email so I can send an invoice for the money. DO NOT SEND ME THE MONEY! PLEASE WAIT FOR AN INVOICE!

Full payment must be in my Paypal account before I start the commission/ YCH.

Payment for YCH's or any other sort of auction must be paid within 48 hours after the auction ends. If you do not pay or get back to me I will give it to the next highest bidder or I may re-auction it.

Payment plans are available for purchases over \$150.00

If you Auto Buy a YCH I will give you both the 48 hour payment period plus the time period you would receive if the auction were still going. For example if the auction ends 4 days after the last bid and you Auto Buy you will be given the 4 days as well as the 48 hour payment period.

★ == After Commissioning Me/ Buying a YCH == ★

Throughout the commission I will send three Work In Progress Shots. The first will be the sketch. You may request updates on the pose, anatomy, and anything else you see wrong. The next Work In Progress I will send will be the completed lineart, you may request *minimal* tweaks. During this stage you cannot have the pose altered. The third shot will be in flat color stage. You may request changes on the character aspects like pattern, jewelry and what not.. In other words you are allowed THREE EDITS from me. This means everything you would like changed must be condensed and clearly written into THREE PRIVATE MESSAGES. If you require any other changes through a different/additional private message you will be charged a fee.

Throughout a YCH I will send one Work In Progress Shot. I will send you a screenshot during the flat color stage. There you can request minor changes to the pose (Please keep in mind unless ABed these are pre-poses and cannot be altered much). If you demand anything major there will be a fee. You may also request changes on the character aspects like pattern, jewelry, and what not. In other words you are allowed ONE EDIT from me. This means everything you would like changed must be

condensed and clearly written into ONE PRIVATE MESSAGE. If you require any other changes through a different/ second private message you will be charged a fee.

If you have me added on skype, telegram or any other chat client we will discuss the commission through email only. It is easier for me to keep track of everything through there. Do not send me any details about the commission/ych through any chat client AT ALL.

Feel free to re-upload the image on your accounts! Please credit me if you do though.

Save your commissions on your computer. I may delete them at any time.

Once the commission is completed and you have approved everything no further changes can be made. That means if you notice something a couple days after you have approved the art I am not required to fix it for you.

If you allow another artist to use my art in their piece I am okay with that as long as the other artist gives me credit and lets me know that my art is being used elsewhere.

★ == Refunds == ★

If you need a refund for any reason...

If it's in the sketch stage you will get 70% of your money back

If it's in the line art stage you will receive 50% of your money back.

If it's in a flat color stage you will receive 30% of your money back.

At any stage further then flat color a refund will not be possible.

I will most likely post the unfinished product as a YCH.

If you are not satisfied with your piece please speak with me for how I can make it better for you.
