

## African Country Project Directions

You will be creating a google slide presentation that communicates specific details about your chosen country in order to justify the **essential question: *What are the lasting effects of the incomplete/misrepresented narratives of Africa presented by Western cultures?***

**Pick One Country To Research:**

### Part 1 Research

You will need to find credible and reliable resources to help you learn and understand your country; past, present, future.

- ☐ Find resources with enough information to help your understanding
  - The following question should guide your research: **How has your selected country changed politically, economically, socially and culturally over time?**
- ☐ Create an **MLA formatted** work cited page for your sources.
  - This should be a google doc turned in with your slideshow **DO NOT** put this in the slides

### Part 2 Slide Creation

Using the table below as a guide you will be creating a slideshow that communicates specific, detailed evidence about your chosen empire. [Five Themes Resource](#)

<b>Slide One</b>	Title Page	As you complete each slide your information should connect to our focus question and should have a compare and contrast feel.  <b>How has your selected country changed politically, economically, socially and culturally over time?</b>
<b>Slide Two</b>	Political Structures	
<b>Slide Three</b>	Economic Structures	
<b>Slide Four</b>	Social Structures	
<b>Slide Five</b>	Culture Interactions	

Its okay to add a little finesse to your slides

### Part 3 Writing

Using your research and new understanding answer the following essential question in a well supported, throughout, academic **essay or paragraph.**

**What are the lasting effects of the incomplete/misrepresented narratives of Africa presented by Western cultures?**

### TURN IN

- ☐ Your Work Cited Document
- ☐ Finished Slides
- ☐ Final Writing
