GUIDELINES .

[[001](#)] *following:* this blog is mutuals only. please do not pressure me to follow you back or interact if we are not mutuals. you are welcome to like my posts and send memes/questions, but i reserve the right to decide which i reply to. *if you are an oc or a multi muse and you want to increase the chances of me following you back, please fill out my interest checker! i do not follow duplicates.* i will be highly selective on who i follow back, especially for sequel blogs. *shipping discourse will not be tolerated.* more on ships later!

b) i don't want any drama or bullshit! it's nothing personal i just don't have the spoons to deal with it. if you're mutuals with/actively rp with people who are nasty, i won't follow back. if it's on your blog, i won't follow back. it stresses me out to have those people on my dash. if i don't think we'll vibe, i won't follow back. if your blog does not have actual ic writing on it, i will not follow back! aesthetics are secondary and if it means i can't read things or find links, i'm not about that.

c) please don't follow me if you don't intend on interacting. that means if you're too afraid to talk to me ic or ooc or if you just want a follow back, this isn't the blog for you.

[[002](#)] replies will be sporadic and irregular. while it is my main blog, i do have others as well as a life beyond the dash. more info can be found [here](#).

[[003](#)] this blog is open to following multi muses but if you've got sixty muses and i'm only interested in one, i may not follow back. if i do follow back and you never use the one character i'm interested in, i will unfollow. it's nothing personal but i am curating a dash that is mostly star wars related. *****if you also play anakin, i likely will not follow back. i am open to**

[[005](#)] i prefer to plot threads rather than wing it. like my plotting calls or meme calls to start doing a thing with me!

[[006](#)] this blog may have nsfw content which will always be tagged.

[[007](#)] the mun is over the age of twenty five. while i will interact with underage muns, if i don't know how old you are, i probably won't follow you back. if my age makes you uncomfortable, simply don't follow me back. i

[[008](#)] this blog is friendly to trans muses and muns. this blog is incredibly oc friendly.

[[009](#)] *shipping:* my policy is ship and let ship. if you can't follow the same policy, please don't follow me. no one has to like every ship but we *don't belittle or insult*

select crossovers, however.

[004] regarding memes & new threads: **PLEASE ASK ME BEFORE YOU CONTINUE A MEME.** i probably won't have a problem with it but i need to keep the amount of threads i have under control.

people on this blog based on their ships. if a ship makes you uncomfortable, you can simply not follow that person. i have zero tolerance for bullying and excessive negativity.
