3. **Prizes:**
 - a. **EVERYONE:** No one leaves empty handed, you will get at least an official Promo card just for entering.

- b. **Top 16:** Free pick from our prize wall. Roll 6 dice and win something random from our prize wall. (Top prizes include a revised dual land, Surge Foil *The One Ring*, Raised Foil Bloomburrow cards, Sealed Commander Decks, Secret Lairs, various singles and booster packs)

 - e. Plus we'll be giving away **bonus packs**, **free drinks** and a **sealed Tarkir Dragonstorm precon all for free** for the "plays of the night" throughout the tournament.
4. **Scoring system:**
- i. Winning the game = **1 point**
 - ii. Every player also gets to cast a vote for coolest/most interesting/favourite plays or deck = **1 Point** for every vote you receive
 - iii. You must vote, and you can't vote for yourself.
 - iv. Up to 4 points theoretically possible if you win *and* everyone else votes for you.
 - v. In pods of 3, we will randomly award one "vote" by rolling a dice.
 - vi. In short, we're essentially copying the "Commander Friendly Leagues" Scoring system from Magic Online.
5. New pods after every round matching based on points scored.

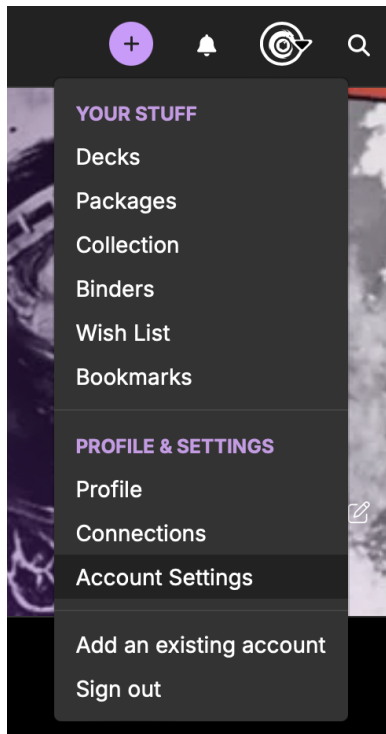

DECK CONSTRUCTION

1. **Design your own deck with a \$50** hard limit on deck price **OR** a stock **precon** with no changes [Excluding premium precons: Modern Horizons 3, Commander Masters, Secret Lair].
2. If brewing your own deck then Commander and all cards in the 99 must be maximum \$50 based on **TCGPlayer MARKET PRICE** (scroll down for more on this).
3. Basic lands are free and not included in the budget (Moxfield doesn't count them by default)
4. All decks must be submitted to us prior to the event and validated. Once approved a deck is **valid for 12 months** even if the prices change.
 - a. Submit decks here and include your name: contact.gatecrash@gmail.com
5. We will use the "update to cheapest" function in Moxfield and validate based on the cheapest printing available.
6. **Commander banlist applies. This is a sanctioned event by Wizards of the Coast.**
7. This is designed to incentivize creativity and deck construction over pure power, you have just as good a chance at winning the top spots by building the coolest deck instead of the most optimised one.

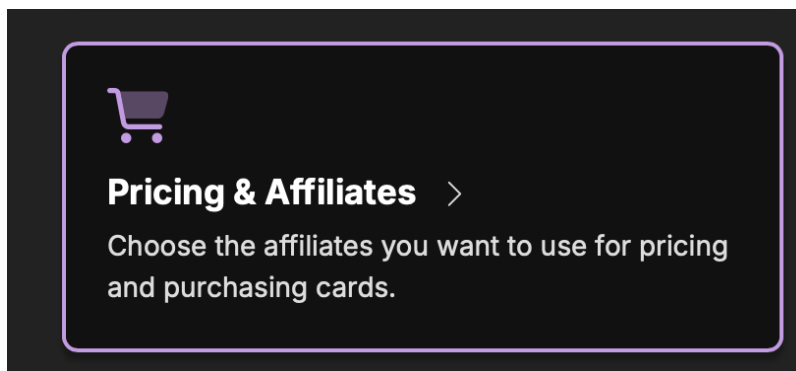

8. Feel free to submit as many decklists as you like to be validated and then decide your final choice closer to the time.
9. If you're looking for ideas to get started:
 - a. Here are 50 decks at ~\$50 - [MTGGoldfish](#)
 - b. Official precon decklists by WotC [here](#)
