Check Out and Late Pick Up Policy

Check Out Policy

School is dismissed at 3:45PM on a regular school day and 1:40PM on early release days.

The last 15 minutes of the school day are very important to teachers and students. During this time teachers review the day, discuss homework, and conduct other important class business with their students. For this reason, students will not be able to check out of school after 3:30PM on a regular day and 1:25PM on early release days. Please contact the office 24 hours in advance if you have extenuating circumstances that require you to check out students during this period.

Late Pick Up Policy

School is dismissed at 3:45PM on a regular school day and 1:40PM on early release days.

Parents/guardians must be on time to pick up students. We understand that occasional emergencies happen. In case of emergency, it is the responsibility of the parent/guardian to notify the school. If a student is not picked up by 4:15PM on a regular school day or 2:10PM on early release days, Granite Police Department will be called to assist in contacting parents.
