Jean-Sébastien Pédrón (dumbbell)

Jean-Sébastien Pédrón (dumbbell)

says:<https://lists.freebsd.org/subscription/freebsd-wireless>

19:42

PP

Pierre Pronchery

Pierre Pronchery says:Ah no that's right "disable_network X" should work just fine

19:42

AZ

Alexander Ziaee

Alexander Ziaee says:Yes, i will help you

19:43

Alexander Ziaee says:It's wireless@freebsd.org, but you need to subscribe first at lists.freebsd.org

19:44

Charlie Li (vishwin@)

Charlie Li (vishwin@) says:i typed on discord

19:44

Charlie Li (vishwin@) says:in the thread

19:45

Charlie Li (vishwin@) says:i unintentionally acquired a spare machine, for free, for mostly this purpose lol

Alexander Ziaee

Alexander Ziaee says:<https://reviews.freebsd.org/D48693>

19:52

Aymeric Wibo

Aymeric Wibo says:should this not rather be handled by the desktop environment?

19:59

PP

Pierre Pronchery

Pierre Pronchery says:I'd probably look into libXss for that instead of the kernel (for Xorg) but people like jwz (XScreenSaver) consider it rather broken by design... So it looks difficult everywhere

20:00

Aymeric Wibo

Aymeric Wibo says:have you updated your firmware on your Framework? I have been told that newer versions have significant improvements wrt power consumption

20:09

Aymeric Wibo says:(for amd)

20:10

AZ

Alexander Ziaee

Alexander Ziaee says:We added some basic instructions for updating firmware from freebsd in [mitigations\(7\)](#)!

20:10

Aymeric Wibo

Aymeric Wibo says:there's a port in the works for fwupd on FreeBSD I think but last time I had to do this through linux.

20:11

Alice Sowerby

Alice Sowerby says:Thank you Chris! A lot of work goes into this call
