**Dear Intern,**

We are pleased to offer you the position of **Cyber Security and Digital Forensics Intern** at **Cyber Secured India**. We are excited to have you join us and contribute to our ongoing projects. You will be the part of Cyber Security and Digital Forensics Training & Internship Program.

**Position:** Cyber Security and Digital Forensics Intern

**Duration:** 31st March 2024 to 29th June 2024

**Location:** Virtual

**What will you learn:**

During your internship, you will have the opportunity to gain practical experience and hands-on exposure in the following areas:

Fundamentals of Cyber Security

Web Application Pentesting

Mobile Application Pentesting

Linux Privilege Escalation

Windows Privilege Escalation

Digital Forensics

Cloud Forensics Readiness

**Structure of the Training and Internship Program:**

Weekly 28 hours of training and internship

Attend recorded sessions and solve assignments.

Work on live projects

Work 4 hours on weekdays

Work 8 hours on weekend

Weekly assignments

Weekly project tasks

### **Procedure to attend training sessions and mark attendance:**

1. Login to [nas.io/cybersecuredindia](https://nas.io/cybersecuredindia)
2. Under the '**Products**' session view the videos
3. After every video fill the quiz form, quiz form filling is important for marking of attendance.

### **If you do not fill the quiz form your attendance will not be marked.**

4. Fill the feedback form
7. Projects will be allocated to you as per your skillsets.

### **Assignment Submission Procedure:**

1. To submit your completed assignment, we have created a **Google Form**  
<https://forms.gle/F6MByupoKdVHztyX9>
2. Create a folder in your google drive with '**view**' access to all. Do not restrict the view access, else our reviewer will not able to review the same.
3. Name the folder as '**Cyber Security and Digital Forensics Internship Assignments**'

The form will help us organize and review your submissions efficiently.

This form has to be filled only once.

Make sure you upload your all assignments in that folder by creating sub folders like Assignment 1, Assignment 2 and so on.

Remember that each email address is allowed to submit the form only once, so please double-check your submission before submitting.

### **Folder structure for assignments:**

1. Go to your drive, Create a new folder named '**Cyber Security and Digital Forensics Internship Assignments**' on your Google Drive.
2. **Share** a view only link to this folder in the given form.
3. For every assignments create a new sub folder in this folder i.e. for Assignment 1 create a subfolder named "**Assignment 1**" and upload all relevant screenshots in this folder.

### **Note on Future Assignments:**

As you progress through the internship, you will continue using the same '**Cyber Security and Digital Forensics Internship Assignments**' folder to organize your work. For each new assignment, create a dedicated sub folder and update your progress accordingly.

Remember that each email address is allowed to submit the form only once, so please double-check your submission before submitting.

**No need to resubmit the link for each subsequent assignment.**

**Deadline:**

Please submit your Assignments, deadline is given in the assignment section for each assignment. The deadlines for each assignment will be available in the assignment document that will be uploaded on [nas.io/cybersecuredindia](https://nas.io/cybersecuredindia) platform. Late submissions will not be accepted.
