

This document will act as a guide to the Scottish Archery Records. This is a working document and will be subject to change. For any queries or improvements, please contact the Records Group at:
records@scottisharchery.org.uk

Record claims should be made within 4 weeks of the competition being shot. Records will be updated on a monthly basis (We process claims one month after submission to allow time for results sheets etc to be published i.e. all claims from June will start to be processed in August). [GB is 7 days]

Those individuals that can claim Scottish Records should be:

- Members of a Scottish Archery Association registered club

Or direct SAA members who either:

- Are Scottish by birth
- Have a Scottish relative (up to grandparent)
- Have lived continuously in Scotland for 2+ years

Record claims will only be valid if a Scottish Archery JustGo membership number (SA000...) is attached to the claim form. AGB numbers will not be accepted.

Photos of scorecards will no longer be accepted as evidence of a record. Only a direct link to the results page will be accepted.

For rounds which a record can be claimed, please see AGB rules of shooting, 308 and 405. Rounds shot at events such as Kings or Archery, Lancaster Classic and The Vegas Shoot etc are not valid rounds as they are not compatible with the UK and Scottish records criteria. For example, rounds that have the full gold as 10 with no 9 and rounds the X ring as 11 plus the 12 ring.

Archers may only claim for their age group and adult records. E.g., an archer aged 13 can only claim for U14 and Adult records, not U15 to U21 records.

50+ and under 21s can also claim the same rounds as open/women, e.g., WA 70m, WA1440 (Gentlemen), WA1440 (Ladies) etc.

Claims for short and long metrics will be accepted as part of a 1440, but AGB and Scottish Records do not permit shorter imperial rounds to be claimed within larger rounds like metrics.

Any eligible round may be claimed from a tournament with Scottish Record Status or above.

To claim please fill out the form on the Scottish archery website.

A new record shall be established when a score is 1 point higher or in flight shooting one foot further than the existing record. In rounds which have an official X count recorded on the results (Worcester, Vegas 300 and outdoor metric rounds), a new record may be claimed if the maximum score is reached and the X count exceeds that of the current record. E.g. Worcester 300 and 27 Xs.

In the case of a perfect score shot in a target outdoor WA or Archery GB Metric round, a new record shall include the number of inner 10s (x) and shall require at least 1 more x than the existing record.

Should a record be broken by two or more equal scores, made on the same day, the archers shall be declared joint record holders.

Should a record be broken multiple times on the same day, only the highest single score on the day should be claimed.

For double rounds both the first or second half can be claimed as a single round e.g. in a Double Portsmouth, the 2nd half can be claimed as a single Portsmouth.

When a record has been broken, the successful archer will be emailed a Scottish Archery Certificate. The certificates will no longer be posted, as this aligns with other organisations and is in the interest of reducing our impact on the environment.

World Archery/AGB terminology will now be used for multiple genders.

Records and Rounds

The tables below show the records and recommended rounds available to each age group. Note that:

- All current records will continue to stand. New records can be claimed throughout the season.
- Only these rounds or rounds of a longer distance for an age group will be eligible for records e.g., under 12 shooting a National 40 can claim a record, but an under 15 shooting a National 30 cannot.

Records can be claimed for higher rounds than your age group or gender specific round (e.g. ladies shooting a WA1440 (Gentlemen)) but in the interest of safety, archers should only shoot rounds that they are comfortable with.
