

Communication & Collaboration

Your challenge is to use digital media and environments to communicate and work collaboratively, including at a distance, to support individual learning and contribute to the learning of others.

This is a collaborative document, more than one person can write on it at a time. There will be one page for each of the four items that follow. Please describe a time in real life when you have:

A: Interacted, collaborated, and/or published with peers, experts, or others employing a variety of digital environments and media.

B: Communicated information and ideas effectively to multiple audiences using a variety of media and formats.

C: Developed cultural understanding and global awareness by engaging with learners of other cultures.

D: Contribute to project teams to produce original works or solve problems.
