DAILY ANNOUNCEMENTS – PTSA

5Star PASS SYSTEM

This semester our school will begin using a new platform called [5Star Student Management System](#). This platform will allow us to track and monitor student attendance, passes from class and encourage student participation inside and outside of school.

Students, if you have a smartphone, we *highly* recommend that you download the [5Star Students application](#). The 5-Star Student app creates a virtual student ID to track and monitor attendance, passes, view point totals, rewards, activities, events, and more. You can also access eligible surveys, voting polls, get school news and notifications, and even check-in to events!

As per school rules and School Board Policy, students must still carry their physical ID card. The 5Star system works using those, too. It isn't necessary to have a smartphone and, as you know, cell signal isn't great in many areas of our building anyway. So, in sum, it can be convenient to use a smartphone, but you should always have your physical ID card. (If you ride MTD buses, you would need that card anyway because 5Star on your phone doesn't note that you have permission to ride.)

We will be working with students during PE/Health/Study Hall classes in the coming days to explain the new system before starting it school-wide.

Champaign Central PTSA will hold its first Spring 24 meeting on January 29th at 7 pm on zoom:
