- 9/27 Grade 7 Trip to Kenbrook (see below)
- 9/30 MS Valiant Vikes Fall Fest (5-7 PM) [Note - rescheduled from 10/7 to 9/30]
- 10/7 No School
- 10/7 Homecoming Game
- 10/8 Homecoming Dance
- 10/10 No School

Friday Night Football Game Information

We are going to have our first home football game for the season this evening. In appreciation for all the support and your patience with the construction at the field, the entrance to tonight's game will be FREE. While the concession stand is not up and running, there will be food trucks onsite at the south side of the stadium. Below are some logistics in terms of parking and getting to the field:

- **Handicap Parking –** Handicapped Parking will be available and accessible behind the construction (blacktop road down from the gymnasium to the stadium). If they choose, patrons who have handicap parking can sit in their cars and watch from the elevated lot OR catch a ride in a golf cart down to the stands.
- **Parking –** Patrons will park back by the gymnasium and the baseball field. They may also choose to park in the stone parking lot by the JV softball and baseball fields and walk around the track to get to the stadium.
- **Access to Stadium –** All patrons will be funneled down the blacktop road, veer to the right on the concrete, and down the path to the south side of the stadium through the double gate.

Grade 6 Team Building Event

All of the 6th grade students participated in a team building event on Thursday, September 8th. Students started their day watching two short clips learning about what it would be like to be a chain or a chain maker in someone's life to help support them. They discussed that by being a link or a chain maker they could offer assistance by opening someone's locker, or helping another student navigate their new schedule, or just be a good listener. In the afternoon, the students were able to participate in two games, Centipede Tag & Bombardment Dodgeball. In the first game, the students learned how to work together by creating an actual chain to tag as many people as they could. In the second game, the students were working together to eliminate the other team. The day ended with a discussion wrapping up what was learned. Many students did share that they were nervous their first week of school, but by the second week they felt more comfortable due to the many links and chain makers that we have in 6th grade.

This day was created to allow students to interact with their peers whom they might have never met, learn about how to be part of a team, as well as learn about how it is important to support each other in this new adventure of middle school.

Yearly Demographics / Medical Update Requirements (Reminder)

If you have not done so already, make sure to update your child's demographics and medical information. This must be done each year. Please log in to the district website and update information under Student Registration Quick Links. (***Update an existing student***). **This must be completed even if there are no changes**. Please log in using the following unique username and password. Then follow the simple instructions to update your student's demographics, emergency contacts, medical information, technology usage agreement as well as acknowledging other district policies.

Web address: https://www.norleb.org
Username: *Student ID Number*
Password: *Student Birthdate (MM/DD/YYYY)*

This process should take approximately 15 minutes and you can complete this process starting now. This should be completed by Friday, September 2 for each student. If you have any questions, please contact a building secretary at (717) 865-2117 and follow prompts. Your attention to completing this process by the due date, is greatly appreciated.

Josten's Graduation and Ring Assemblies

The annual Josten's Senior Graduation and Sophomore Class Ring assemblies will take place on September 12 during Period 1 in the auditorium. Seniors will be called down first and then sophomores during the second half of the period.

Power Packs Project QR Code Enrollment Flyer (2022-2023)

Power Packs Project is committed to supporting school communities by providing weekly food distributions containing the ingredients needed to make a nutritious weekend meal, along with produce, milk, and some staples for your pantry such as cereal, rice, pasta, beans, and peanut butter. The Power Packs Project 2022-2023 School Year Program will **start the week of September 19, 2022 and end the week of May 22, 2023** (pickup day will depend on your distribution site). More information and a QR code to sign up are provided in the following link: Power Packs Project QR Code Enrollment Flyer (2022-2023)

Grade 7 Trip to Kenbrook

Grade 7 will be going on a trip to Kenbrook for team building through participation in a low ropes course and other group activities on Tuesday, September 27th from 9:00 AM - 2:15 PM. Permission slips and consent forms will be coming home and will be due by Wednesday, September 21. If you have any questions, you can contact Mrs. Tavani, mtavani@norleb.k12.pa.us.
