TOOLS TO STUDY

Stage 2: Review and Study

What Tools Can I Use To Review?

- Print notes from e-classroom
- Re-write notes from class
- Structure/Format notes
- Transcribe notes from recording
- Combine classroom notes and teacher's notes to one document
- Use Khan Academy or other websites for practice problems
- Try the problems at end of chapter in textbook
- Ask teacher for additional problems
- Look on e-classroom for additional resources (teachers may post practice tests)
- Come up with list of questions to ask teacher for clarification
- Make flashcards nightly (use a big ring to organize cards)
- Create a Quizlet, adding words/questions nightly
- Make your own study guide
- Make a practice test, using questions from class notes
- Create a flow chart or outline to help organize notes
- Draw pictures or symbols to help with key concepts/ideas
- Highlight main points
- Add sticky-notes to key concepts
- Add color to the notes: underline words, phrases, etc.
