- Rules of engagement
 - I will present poses for viewing, payment is to be given once a pose has been decided on. Updates will be provided upon request.
 - I will *not* draw anything of the “FBI Open Up” variety.
 - By this I mean I will not draw a character that is under the age of 18 engaging in sexual activity or a character under the age of 15-16 engaging in violence. (This includes aged up versions of characters from pre-existing IPs.)
 - If it’s a character that is of age but very child-looking, I’m not doing it.
 - If the art is of a character from an existing IP, I *will* be checking the wiki for ages before I even say “maybe”.
 - Examples of yes/no
 - A My Hero Academia 1-A class member engaging in violence? Yes, because this is something they’ve done in their canonical material.
 - That same character giving a classmate a blowjob? No.
 - A flat, child-heighted (under 4’6) character that is supposedly a 100 year old elf? NO.
 - While I will draw characters in BDSM situations, I will *not* draw characters being humiliated/degraded/abused beyond reason
 - Drawing a girl into pet-play with a dog collar and ears/tail? Yes
 - Drawing said girl caged, with a dog bowl, and the collar saying *Bitch* with obvious signs she’s been whipped/beat? No.
- Payment
 - Payment is to be conducted through PayPal/PayPal compatible regional alternatives (I am aware that some regions do not allow banks to be compatible with PayPal/some banks have a policy)
