

Lesson 4 Sustainable Solutions

Vocabulary Builder Worksheet 4

Terms to Use

Collaborative
Prototype
Connectivity

Like-Minded
Small Holder
Permaculture

Conservation
Intercropping

Write the correct term beside its definition

Term	Description
	Able to use the internet
	Working together
	A basic model/new invention
	Using something carefully to make sure it can be used in the future
	Sharing values and perspectives
	Growing 2+ crops together
	Small farm sizes
	Farming practices that help the environment

Thinking About These Terms

1. Why do small farmers need special support?
2. What are 2 ways your life can be better by internet access?
3. How can regular farming hurt the environment?
