Summary: Local vampire fanboy Terrance Trueman has been into everything vampire related for as long as he can remember. Listener has been a vampire for over a 100 years. One evening when Terrance is taking a stroll in his neighborhood, he gets to have a real life encounter with Listener.

Speaker's Character: Terrance Trueman

(Walking on concrete noises)

Terrance: (Fanboying) I can't stop thinking about that new vampire series! So good! How the boy meets that girl and he still wants to be with her even though he'll be hunted down with her. Oh my gosh! I need this to happen to me in real life! A beautiful girl to bite into my neck and turn me! (Happy sigh) If only...if only...

(Terrance hears some slurping noises)

Terrance: (A little nervous, slightly excited) Uh...is that...no...no way...(Walks closer towards slurping noises, sees Listener drinking blood from an animal) (Gasps, shocked, excited) Oh...my...vampire!

(Listener responds, stops drinking blood, looks at Terrance threateningly)

Terrance: (Slightly nervous) Ah! W-Wait! I-

(Listener runs up to Terrance to push him down to the ground, is on top of him, shows her fangs)

Terrance: (Very scared) AAH! Ouch! (Groans, still scared but calmed down) That's gonna leave a lovely mark on the back of my head!

(Listener responds, still on top of Terrance, getting ready to claw at him)

Terrance: (Trying to calm down) I won't hurt you! I really was just taking an evening stroll around the block and-(Becomes slightly distracted by looking at Listener's face) This...is actually the perfect view right here. (Flirty) You on top of me. I have the perfect spot for seeing your beautiful pale face and your gorgeous crimson eyes.

(Listener responds, startled by Terrance and flustered, gets off of Terrance, backs away from him)

Terrance: (Stands up, flirty) That dress you have on...MMM...it's delicious on your figure. (Starts walking toward Listener)

(Listener responds, taken aback by Terrance, beginning to back up)

Terrance: (Flirty, still walking toward Listener) Oh Cutie! Don't back away from me! (Fanboying, still flirty) You have no idea how long I have dreamt of meeting a vampire in real life! For that moment to happen now...someone is watching over me. How could I ask for a more luscious vampire woman to make her presence known to me?

(Listener responds, still taken aback by Terrance, still backing up)

Terrance: (Continuous flirting, still walking toward Listener, fanboying) Darling! You know, your fangs into my neck would be my ultimate dream come true. Hearing you take in my blood, drowning in pure ecstasy as my blood enters your body. Oh the feeling...it's so much to take in...bliss..

(Listener responds, becoming very freaked out by Terrance, has backed up into a wall)

Terrance: (Flirting, stops walking) Oh! What's this I see? A wall. Perfect for trapping you in my arms. Who knew that the predator would be cornered by the prey instead?

(Listener responds, flustered)

Terrance: (Laughs, flirting) Oh Sweetheart...This truly is the perfect moment for you to sink those pearly fangs of yours into my neck.

(Listener responds)

Terrance: (Chuckles) Well, I'm no ordinary fanboy of vampires. I watch and read everything vampire related. I have even written my own show and novel ideas relating to vampires. (Genuine) Vampires are misunderstood and amazing creatures. (Flirty, still genuine) You have such radiance that I couldn't help but be drawn in.

(Listener responds)

Terrance: (Genuine) I know some people don't like vampires, but they are fascinating. (Flirty) In your case, very alluring. Your shy demeanor is adorable.

(Listener responds)

Terrance: Huh? What interested me in vampires? Honestly, it's the fact that they're creatures of the night. They're human-like and yet, they're still considered creatures. I felt that they should be looked at in a more open manner. Some people have opened up their minds, but others still choose to be blind.

(Listener responds)

Terrance: (Genuine) I really do want to understand vampires better. They deserve to be understood. I want to ask you. Vampires really can turn humans into vampires right?

(Listener responds)

Terrance: (Startled) Oh! You were a human once? Really? Wow! (Flirty) I bet you were as gorgeous then as you are now.

(Listener responds)

Terrance: (Taken aback) 100 years of being a vampire?! That's so long! (Slightly hesitant) H-How old were you when you were turned? If you don't mind me asking.

(Listener responds)

Terrance: 19?! That's so young! Did your family...did they...were they...

(Listener responds)

Terrance: (Hesitant) Until a...certain...point? W-What happened? Only if you want to talk about it of course.

(Listener responds)

Terrance: (Sad) Y-Your brother...he ended up...dying because you...killed him? I...I'm so sorry for your loss...that's...I...

(Listener responds)

Terrance: (Sad) I can't even imagine going through what happened with your brother and then being banished by your parents...That takes a lot of work to move on from...(Trying to cheer up) At least you were able to get your cravings calmed down by feeding on animals.

(Listener responds)

Terrance: Do you have other vampires you talk with?

(Listener responds)

Terrance: There really aren't very many of you left. (Sad) That's horrible. You've been alone...for so long...

(Listener responds)

Terrance: (Sad) How did you manage that? Being alone?

(Listener responds)

Terrance: (Feeling bad) I see...guess you don't have many other options when you can't find other vampires to be with.

(Listener responds)

Terrance: (Taken aback) Huh? Do I want to be turned into a vampire? I... (Mental talk) *I feel so bad for her. Having been alone for so long... If I were to become a vampire, I could be with her and then I can live out my dream too. Being turned into a vampire. She seems very nice and I would like to get to know her more. Not like I have anything to lose... no family or friends myself... not after what happened before...*

(Listener responds)

Terrance: (Back to talking outloud) I have my mind made up. I honestly don't have anything to lose. I don't have any family or friends either. People usually stayed away from me and still do.

(Listener responds)

Terrance: Well, like you, I'm used to being alone too. So yes, you can turn me into a vampire.

(Listener responds)

Terrance: Yeah, I'm sure that I want to be turned. Besides, you can help me out in learning how to be a vampire since you've been one for so long.

(Listener responds)

Terrance: You want me against the wall? (Slightly flirty) Oh...kinky...

(Listener responds, slightly smacking Terrance)

Terrance: Ouch! Hard hitting I see! (Sees Listener's annoyed expression) (Clearing throat) I'm sorry. I'll be serious about this. Okay. (Pulls the collar of his shirt down) I'm ready whenever you are.

(Listener responds, hesitates for a moment, and then she bites down on his neck)

Terrance: (Gasps from the bite of Listener, soft breathing noises) (Mental talk) *This feeling...I of course did imagine this and it is...exhilarating...painful and yet...it feels good...I can slowly feel everything transforming...organs reshaping...evolving...*

(Listener stops sucking on Terrance's neck, asks if Terrance is okay)

Terrance: (Recovering, soft voice) Y-Yeah...yeah...I'm okay.

(Listener responds)

Terrance: Oh...same colored eyes now huh? Uncontrol- (Slight headache comes on) Gah! Man! My head is pounding!

(Listener responds)

Terrance: (Headache increases) (Gasping at the pain) Y-Yeah...let's hurry so I...gah can eat!

(Listener responds, both start moving and Listener senses an animal nearby, snags it and gives it to Terrance)

Terrance: (Takes a bite, starts sucking the blood) This is...actually not bad. Pretty good...(Finishes sucking the animal) Ah...that was good, but I still feel a little hungry...

(Listener responds)

Terrance: Th-Thank you. (Sucks on the new animal blood) Ah...Okay...I feel full now. My headache is gone too.

(Listener responds)

Terrance: Yeah. I feel better now. This is still a lot to take in.

(Listener responds)

Terrance: (Slight chuckle) Thanks. I know we don't know each other well, but I'll be right by your side. (Laughs) I sound so cheesy right now, but I mean it. (Genuine) I'm

glad to be with you and give you company. We'll help each other out through thick and thin.

(Listener responds, happy)

Terrance: (Happy) Let's go start a journey and find a new home together!

The End
