- F) Base plate
- G) 3 × screws (for the base plate)
- + [User manual](#)
- + Assembly instructions

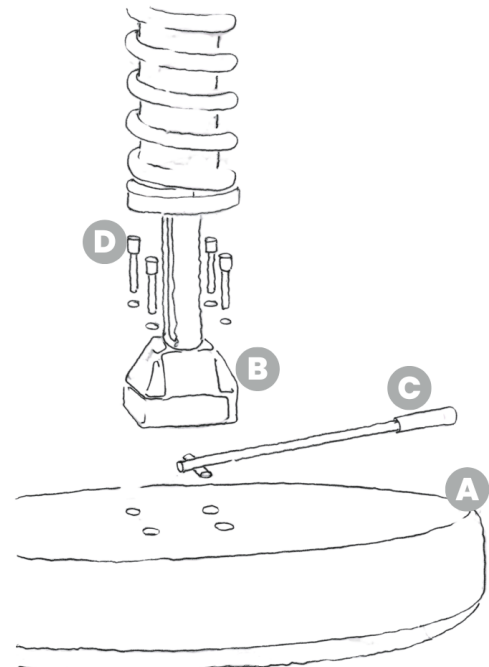

Assembly Instructions – How to Assemble Your ELAN Stool:

Step

#1

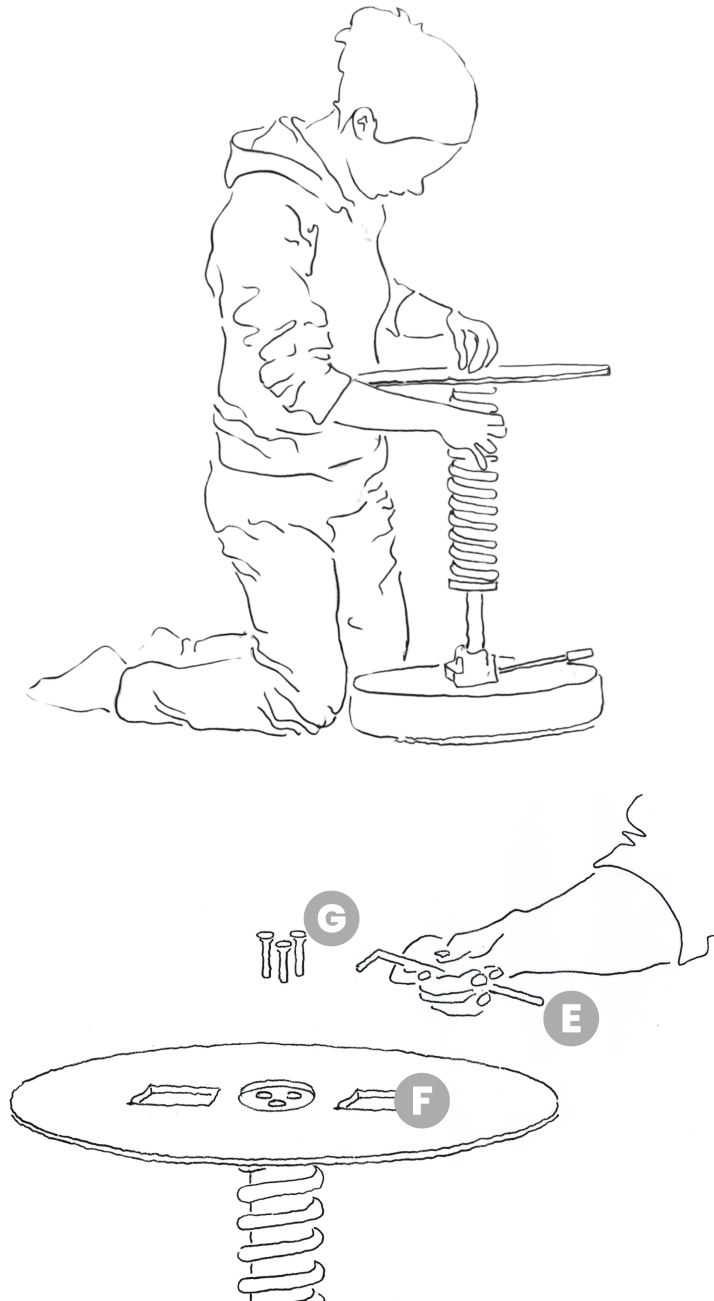

Place the seat cushion (A) upside down – the four screw holes indicate the underside – on a clean surface. Position the height-adjustment lever (C) between the seat cushion (A) and the central column (B).

Align the central column (B) with the seat cushion (A) and fasten it using the 4 screws and washers (D) with the Allen key (E).

ASSEMBLY INSTRUCTIONS

#2

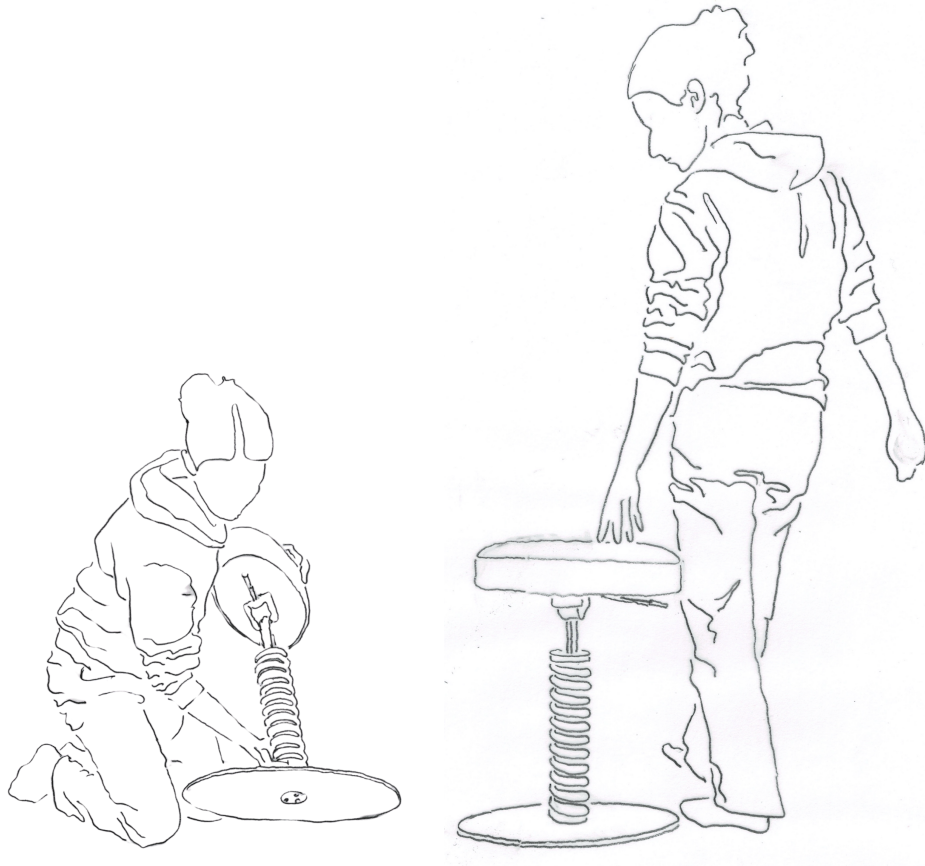

Align the base plate (F) with the bottom of the central column and secure it using the 3 screws (G), again tightening them firmly with the Allen key (E).

Tighten all screws once more to ensure everything is securely fastened — and your ELAN stool is ready to use.

ASSEMBLY INSTRUCTIONS

#3

Enjoy dynamic, active sitting!

Please keep the original packaging. For any potential returns, the original box is required.
