Click Apply to prepare for the report.

3) Select "Student Email / Account Roster"

Student Email / Account Roster

This report provides a list of your current students along with each account (e-mail address), student ID, account status and emergency contact number (account reset #). The purpose of this report is to provide teachers with the information to give their students (if necessary) in order for them to self-activate their accounts (e-mail addresses) and reset their passwords.

[Student Email / Account Roster](#)

Click "Student Email/Account Roster" to generate the actual report shown in next slide.

4) Make sure the list includes email and Student PIN"

Here is a sample generated list with data obscured.

Cost Center Code	Student Name (Last, First)	Student District ID	Account (Email)	Account Status	ECN #	Student PIN

LAUSD Acceptable Use Policy 1 Read this

TITLE: Acceptable Use Policy (AUP) For District Computer and Network Systems NUMBER: BUL - 999.8 ISSUER: Ronald S. Chandler, Chief Information Officer DATE: June 18, 2013 POLICY: Teachers, administrators, and other school personnel should ensure District data systems are used in a responsible, efficient, ethical, and legal manner, and that such use be in support of the District's business and education objectives. MAJOR CHANGES: This revision replaces BUL-999.7 dated August 14, 2012, adding language to specify the District's obligation to monitor online activity, manage and store data as necessary for legal discovery, and fortify the network against cyber security threats. BACKGROUND: On January 8, 2002, the LAUSD Board of Education established Board Rule 1254 ☐ I agree to the term and conditions of the LAUSD Acceptable Use Policy. STUDENT: Verify your MyMail account through accounts.google.com

Go to accounts.google.com

Input your username and password

A screenshot of the Google sign-in page. At the top is the Google logo. Below it is the text "One account. All of Google." followed by "Sign in with your Google Account". In the center is a light gray box containing a circular profile picture placeholder. Below the placeholder are two input fields: the first contains a blurred email address followed by "@mymail.lausd.net", and the second contains ten dots representing a password. Below the password field is a blue "Sign In" button. Underneath the button is a checkbox labeled "Stay signed in" and a link "Need help?". At the bottom of the light gray box is a link "Create an account".

Google

One account. All of Google.

Sign in with your Google Account

[Sign In](#)

☒ Stay signed in [Need help?](#)

[Create an account](#)

Input the Captcha

Welcome to your new account

Welcome to your new account: [redacted]@mymail.lausd.net. Your account is compatible with many [Google services](#), but your mymail.lausd.net administrator decides which services you may access using your account. For tips about using your new account, visit the [Google Help Center](#).

When you use Google services, your domain administrator will have access to your [\[redacted\]@mymail.lausd.net](#) account information, including any data you store with this account in Google services. You can learn more [here](#), or by consulting your organization's privacy policy, if one exists. You can choose to maintain a separate account for your personal use of any Google services, including email. If you have multiple Google accounts, you can [manage which account you use](#) with Google services and [switch between them](#) whenever you choose. Your username and profile picture can help you ensure that you're using the intended account.

If your organization provides you access to the Google Apps [core suite](#) of messaging and collaboration applications, your use of those services is governed by your organization's Google Apps agreement. Any other Google services your administrator enables ("Additional Services") are available to you under the [Google Terms of Service](#) and the [Google Privacy Policy](#). Certain Additional Services may also have [service-specific terms](#). Your use of any services your administrator allows you to access constitutes acceptance of applicable service-specific terms.

Click "Accept" below to indicate that you understand this description of how your [\[redacted\]@mymail.lausd.net](#) account works and agree to the [Google Terms of Service](#) and the [Google Privacy Policy](#).

Type the text:

⌂ 🔊 ?

[I accept. Continue to my account.](#)

[Cancel](#)

If you see your contact page, you are done validating your MyMail account

Google [redacted]@mymail.lausd.net

Account settings

Security checkup

Protect your Google Account by reviewing your security settings.

[GET STARTED](#)

Personal info

Name [redacted]

Email [redacted]@mymail.lausd.net

Language [Select language](#)

Now you are done setting up and validating your SSO and password

Log into your MyMail account through the Mail account

1. View the video section “ Log into MyMail”
<http://www.lausd.net/cdg/CCTP/Personalization/start.html>

Trouble Shooting

Solution:

1. If the password still doesn't work, have students login to ol.lausd.net portal and verify if their SSO is working.
 1. If the password does NOT work at ol.lausd.net, its a LAUSD issue, and teachers must submit a ticket to [helpdesk](#) stating "the SSO did not work on ol.lausd.net".
 2. If the password works at ol.lausd.net, its a Google problem, lets get some more information before you continue.
 1. Go to accounts.google.com and try to log-on, if you get a screen stating your account is "disabled", submit a ticket to [helpdesk](#) stating the SSO is "disabled" at Google.
 2. If you go to accounts.google.com and log-on successfully the student SSO is good at Google and there is an application issue. In this case try a different browser or a different computing device.
