Work experience:

10+ years of experience as a web designer, e-commerce sites, app mobile, responsive design, mobile design, system design, print design, branding, illustration, Ui Kit. I have had experience working with other designers on the team. Large projects: been on projects since the project at the planning stage and at the support stage. Knowledge of Agile (Kanban, SCRUM) and understanding of the role of a designer in a team, coaching beginner designers.
