Newspaper Tower Challenge

Create the tallest freestanding Newspaper tower possible.

In groups of 5-7 you are to construct the tallest freestanding tower you can possibly make.
It doesn't matter what kind of tower it is, but it must be standing up on its own.

Materials:
Planning Paper
7 sheets of newspaper
Masking Tape
Scissors

IMPORTANT RULES
You can only use the materials your teacher has given you.
Your tower must not be leaning against anything, or be held up.
