

Sharing your CSO's success story

The C20 India 2023 intends to showcase 20 examples of successful projects led by Civil Society Organisations (CSOs include NGOs and foundations). This portfolio will be part of the official documents produced by the C20 for the G20 taking place in India in 2023.

[2023 C20](#)

[Click here for more information on the](#)

This is a unique opportunity for international recognition of projects with high positive impacts in the C20 theme areas, including but not limited to: Climate, Environment and Net Zero Targets. [Click here for more details on the 2023 C20 Sustainable and Resilient Communities Working Group](#)

By highlighting the selected projects as best practices, the Civil 20 will recognize them and create opportunities to replicate similar projects on a worldwide scale

Please complete the preliminary C20 form below to submit a successful project which highlights your exemplary work:

Name of the Organization:

Name of project:
