

```
program z1;  
var n:int64; k:byte;  
begin  
  readln(n);  
  if n=0 then k:=1 else k:=0;  
  while n>0 do  
    begin  
      n:=n div 10;  
      k:=k+1;  
    end;  
  writeln(k);  
end.
```
