IIIF Museums Community Group meeting
Thursday, June 8, 9am-10:30am (Central European Summer Time, UTC/GMT +2 hours)

Bluejeans: https://bluejeans.com/502541106

NOTE: WIRELESS DROPPED, NOTES INCOMPLETE! :(

Agenda:

- Select a notetaker
- Introductions
- IIIF Museums Community Group activities
  - DAMS letter
  - Museum-specific FAQs
  - List of museum implementations
- Implementation discussion
  - Share your experience with implementing IIIF at your institution
  - Q&A/discussion for institutions that are considering implementation
  - What could the IIIF Consortium and the Museums Community Group do to help new adopters?
- Demos
  - [please add yours here]
- Discuss further outreach to the museum community

Notes:

- Image Recognition
  - National Museum Art, Architecture and Design in Norway
  - PHAROS
  - Dutch National Museum
  - Zegami
  - Robert Erdman at Rijksmuseum
  - V&A
  - Yale / Rushmeier
- Applications in 3D/AR/VR
  - Important to involve representatives of the broader academic/research community
  - Smithsonian would be happy to provide 3D models as test fixtures
  - UV work on 3D already, continuing with Stanford
- Community Groups
  - 3D discussion at 2:00 today
  - Possible group for computer vision/AI applications
- Discussion of 360 views

- Outward, spherical
- Inward (turntable)
- V&A (Luca) working on modifications to Leaflet.js to smoothly transition between a large number of images
  - Possible patterns
    - Annotate images on a single canvas (choice)
    - Create a canvas per image (easier to annotation a specific image/canvas)
- Matchmaking
  - Helpful to know more about where collections overlap
  - "Speed dating" - organize quick conversations between museum representatives at face-to-face meetings
