Originally hailing from Chicago, I am a Midwest girl at heart who loves all things Chicago food and sports related (El Milagro tortilla chips and Chicago mix popcorn anyone?). For my undergrad, I studied Earth and Space Science Education at Illinois State University, and my love for rocks is what brought me here to the beautiful Rocky Mountains. I received my Masters in Teaching Diverse Learners in 2022 from The University of Northern Colorado. With over a decade of teaching experience, it is my passion to see learners of all backgrounds succeed and get the support they need to access their education! In my free time, I love spending time with my two dogs and my turtle, hiking, traveling, camping, reading, playing trivia, and baking.
