

### **Rainbow Promise**

The Rainbow has always been a sign of God's promise with us. Find out more about it and how it even came about in our March Special on March 15th!

### **March Special (15th Mar):**

**The Big Point:** God Always Keeps His Promises

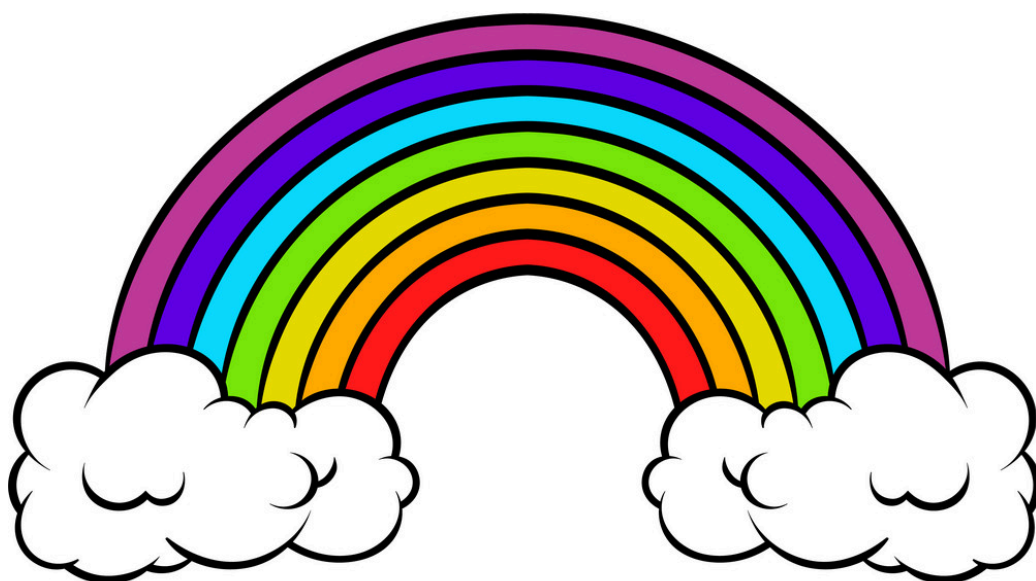

**God's Word:** Noah and the Ark (Genesis 6-9:17)

**Memory Verse:** God so loved the world that he gave his one and only Son. Anyone who believes in him will not die but will have eternal life. John 3:16 (NIRV)

**Application:** I will trust in God's promise in all areas of my life

### **Welcome NEW kids.**

Introduce NEW kids to everyone! Share with one another what their favourite colour is. Just like rainbow, there are 7 colours, what color do they like the most? Why?

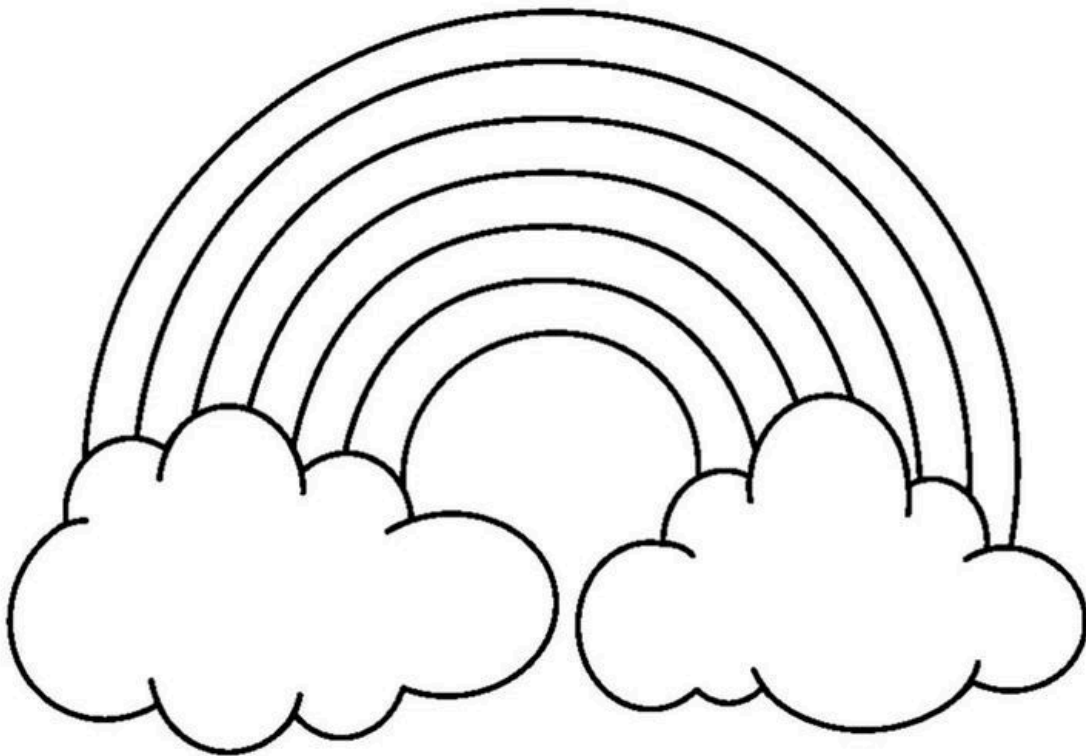

Share with children that **RAINBOW** always reminds us of God's promises. And God is a Promise keeper, and the strength of His promise lies in God's character. We know from the Word ([Numbers 23:19](#)) that God's character does not change and He cannot lie. That is why, we can trust that He is a promise keeper that will never go back on His word. When God makes a promise, we can trust wholeheartedly that He will keep it.

Watch a video together (some of them may watch it if they were in church) [Noah & the Flood](#) therefore RAINBOW always reminds God's promises in our life.

In conclusion, God blessed Noah and his sons and promised them that he would never send another flood. And we know that **God Always Keeps His Promises!**

- God even gave them the rainbow in the sky as a sign of this promise to Noah his family and all of mankind. **God Always Keeps His Promises!**
- And everytime we see a rainbow, we can remember, **God Always Keeps His Promises!**
- God did not just keep his promise to Noah, but also to all of us. We all know that God loves us so much, that he gave his one and only son, Jesus to come and save us from sin!
