TELL ME MORE

Who

Literally anyone. All you need is a great idea, sweet artwork, and a love for gymnastics. We are looking for the most creative designs! You don't have to be a professional artist to win.

What

All designs you wish to submit to Gymcastic can be posted on Twitter, Tumblr, or Instagram. Just use the hashtag **#gymcasticdesigncontest** The print area of the shirts is 1500px width x 1995px height. Doesn't need to fill the whole space, but that size represents the print area.

How

We use a site called TeePublic to print our t shirts. They do a great job of explaining their artwork requirements on their website. The most important thing is that if you win you will need to submit your art as a PNG with a transparent background. Check out their FAQ at www.teepublic.com/faq

No No's

Directly using an image of a person without their consent is frowned upon, and also illegal. We can't use your design if you do. Silhouettes are a grey area, and are usually acceptable.
