

Terms of Use - Academic Research

SignalDB is developed and maintained by Memorial Sloan Kettering Cancer Center (MSK). MSK may, from time to time, update the content on <https://www.signaldb.org> ("Content"). MSK makes no warranties or representations, express or implied, with respect to any of the Content, including as to the present accuracy, completeness, timeliness, adequacy, or usefulness of any of the Content. By using this website, you agree that MSK will not be liable for any losses or damages arising from your use of or reliance on the Content, or other websites or information to which this website may be linked. The Content is not intended as a substitute for professional medical help, judgment or advice. A physician or other qualified health provider should always be consulted for any health problem or medical condition. Inquiries about the Content should be directed to xxx@mskcc.org.

You may view the Content solely for your own personal reference or use for research in an academic setting, provided that all academic research use of the Content must credit SignalDB as the source of the Content and reference these Terms of Use; outside of scientific publication, you may not otherwise redistribute or share the Content with any third party, in part or in whole, for any purpose, without the express permission of MSK.

Unless you have signed a license agreement with MSK, you may not use any part of the Content for any other purpose, including:

1. use or incorporation into a commercial product or towards the performance of a commercial service;
2. research use in a commercial setting;
3. use for patient services; or
4. generation of reports in a hospital or other patient care setting.

You may not copy, transfer, reproduce, modify or create derivative works of SignalDB for any commercial purpose without the express permission of MSK. If you seek to use SignalDB for such purposes, please contact yyy@mskcc.org and request a license.
