# Guidelines

- I am mostly a vanilla artist so please keep that in mind when asking for certain kinks and fetishes.

## What I will not draw:

- **Anything illegal under U.S. law**
- **Futanari**
- **Gay (Solo Males and Lesbians are okay, male focus also viable)**
- **Furries, Monsters, Mechas (Inexperienced) (most humanoids are okay)**
- **Violence, gore and nonconsensual**
- **Disgusting fetishes (vore, gas, piss etc.)**
- **Exaggerated body parts (Hyper muscles, inflation etc.)**
- **Unusual fetishes (feet, armpits, wonderbread, etc)**
- **Minors and/or depictions of minors (shortstacks maybe)**
- **Real people and self inserts (OCs and characters are okay. Ex "MCU Black Widow" but not "Scarlett Johansson.")**
- **Sensitive Topics, Cheating, NTR, Cuckoldry (Ex. Phones, tattoos, dialogue)**
- **Anything that violates Patreon guidelines. (Screenshot Provided.)**

However, we have zero tolerance when it comes to the glorification of sexual violence which includes bestiality, rape, and child exploitation (i.e., sexualized depiction of minors). This is true for illustrated, animated, or any other type of creations. Patreon reserves the right to review and remove accounts that may violate this guideline.

We also do not allow other fringe sexual fetish creations, such as incest, necrophilia, or fetish creations that are hard to distinguish from non-consensual sex.
