Vienna Hub - Gervin

Passion : Education, community development, and peace promotion.

Dream: My dream is to see a world where peace and development prevail and every human life counts with people having a sense of empathy for others.

Background: I'm a secondary school graduate with a diploma in social techniques, a certified peace ambassador by the Institute for Economics and Peace (IEP) and a peace trainer.

Projects: I'm the founder and chairperson of a project named 'Action For Peace And Nonviolence - APN, founded in 2022 and based in Nakivale Refugee Settlement. By providing resources, mentorship and educational opportunities, the organisation seeks to create a nurturing environment where youth are empowered to address societal challenges, build bridges of understanding and promote peace through constructive means.
