

Week of May 11 ---

¡Hola Amigos!

Today we are going to learn about breakfast and lunch foods.

Please spend **at least 10min** going slowly through the flashcards on Quizlet [HERE](#) (or link below). Listen to the word, look at the picture and say the word, do this twice on each card and then flip to the next card. You can do the match game after that if you would like. There are more words this time around and I don't expect you to memorize them all, but they will be helpful for your final project!

Then, please send me an e-mail [inovakowski@zcs.org](mailto:inovakowski@zcs.org) telling me what foods you like to eat and drink for breakfast and lunch.

Please title it "Desayuno y almuerzo -(your class)"

In the e-mail say:

1. Me gusta comer “\_(pick a few things from quizlet that you like to eat for breakfast)\_” para desayuno.

**Example: Me gusta comer huevos con queso, jamón y pan tostado para desayuno.**

(don't use this...pick your own :)

2. Me gusta beber “\_(pick one thing from quizlet that you like to drink for breakfast)\_” para desayuno.

3. Me gusta comer “\_(pick a few things from quizlet that you like to eat for lunch)\_” para almuerzo.

4. Me gusta beber “\_(pick one thing from quizlet that you like to drink for lunch)\_” para almuerzo.

Or you could do a wevideo of you saying the sentences and send that in an e-mail or share it with me. It's so fun to see your faces :)
