MAP OF CENTRAL KINGDOM

Act I

Scene 1

(Shadow is fighting players in a UHC whilst opening credits and music play, after they are finished, Shadow gets slain and is transported to Game Central after viewing his 'Game Over' screen, music plays, camera pans around Game Central. He sees a couple of his friends waiting for him there.)

SIDGARCIA: Aww, hey dude. Was watching on the big screen. Rough luck, huh?
SHADOW: I seem to always get rough luck, dude.
MADSAINTER: Aw, come on. Don't sweat it, man. Practice makes perfect!

SHADOW: Yeah, well, I've been playing this game for nearly three years now and practice hasn't even gotten me close to that yet. But, hey, even so…

(Music increases in volume and so begins the first song.)

Song #1 | There's A Game

SHADOW

There's a game we all play filled with people that we know…
There's a game filled with deserts and tundra made of snow.
And all around the world… people come to compete
In the game called UHC… where winning is a feat!

You may win, you may die, and someone just might lose an eye
But there's more to the game than losing just to cry
There's something much much more…

There's a game that is packed with adventure and high thrills.
There's a game that we play that requires hefty skills.
Unless it's triple ores… or the host gives starter food
When there's diamonds in the floor… and the players are just plain rude

It's a weird game, an odd game, and many times you'll die
But somehow it's impossible to not have one more try
And everyone will tell you themselves…

CHORUS

There's a game that is found in the hearts of pixel people.
There's a game so underground even hipsters claim we're evil.
But we've got something grand…

MADSAINTER

As if we didn't know!

CHORUS

The opposite of bland…

SIDGARCIA

The community will grow!

MADSAINTER SIDGARCIA SHADOW

And the spam grows, the hacks grow, and it sometimes makes you mad
But the thoughts grow, the blood flows, and it always makes you glad

CHORUS

When there's someone by your side!

MADSAINTER SIDGARCIA SHADOW

Someone by your side!

SHADOW

Someone by your SIIIIIIIIIIIIIIIIIIIIIDE

SIDGARCIA: Well, see ya shadow. I'm off to Mischy's bar!
SHADOW: Alright, see you later man. I'll try to join you after work at the Committee HQ.
MADSAINTER: Yup, see you later shadow.
SHADOW: Wait, aren't you coming? It's your first day at work!
MADSAINTER: Oh, well uh I um you see and when and you uh well uh.
(MadSainter starts running away as you hear a "User left your channel" sound.)
SHADOW: Scrub…

(Shadow walks through an alley where a bunch of protestors are picketing by a podium.)

(simultaneous)
CROWD: TWITTER IS FOR TWITS! TWITTER IS FOR TWITS! TWITTER IS FOR TWITS!
OPPOSING CROWD: BADLION IS BAD! BADLION IS BAD! BADLION IS BAD!
PODIUM GUY: REDDIT IS UNFIT! REDDIT IS UNFIT! REDDIT IS UNFIT!

SHADOW: (Trying to cut through the crowd) Excuse me… please-- excuse-- hey! Cut your crap for later, I need to get to work!
PLAYER 3 (Badlion): Nope, not letting anyone through. Not today!
PODIUM GUY: We are sick of the committee's tyranny! Our situation right now is terrible!
SHADOW: Committee's tyranny!? You've got to be kidding me, is this about the merge?
PLAYER 1 (Reddit): Ever since the countries of Reddit, Twitter, and Badlion combined there's been nothing but trashtalking! Frankly, I wish we had never merged, things were much better when we didn't have these twitter and badlion idiots! (reddit crowd cheers)
PLAYER 2 (Twitter): Hey, cut the trash! Everyone knows your little Reddit country had the worst UHC gamemodes! (Twitter crowd cheers)

SHADOW: Guys, guys, please! UHC is a game that brings people together, so stop using it as an excuse to tear each other apart! Central Kingdom has barely been formed, but all we want is for everyone to live together in harmony, why is that so hard?
PLAYER 3 (Badlion): Easy for you to say! High and mighty committee member… you don't know what we deal with down here in *reality* town! We're sick of sharing our glory with these redditors and twitter scum. (Badlion crowd cheers)
SHADOW: Please, I don't have time to deal with this! I'm already late for work!
PODIUM GUY: Alright, fine, let him through guys. But give the committee a message from all of us, Shadow! None of us here like the merge, so you better be prepared for the consequences!

(As Shadow sprints off to Committee HQ, the crowd chants their respective quips towards each other as they carry the flags that represent their nation.)

Scene 2

SHADOW: Well. (sigh) Time for another day at work.
(Shadow throws dart at his small committee dartboard and hits the 2 month mark.)
SHADOW: Two months? Again? I suck at aiming… Ah whatever. (Shadow glances out the window, camera shows an unfinished massive dartboard outside.)
Maybe when the full-sized version of the UBL biasboard-- I mean dartboard gets finished, we'll be a bit more accurate. They sure are taking a while to build our new courtroom, geez.
(Skims through a list of documents.)
SHADOW: Let's see… who in Ambition can we add to the committee this week… Chippy, sneegsnag, KOKeowner… Ooooh, I got it! ScribLur!
(Jakekub, who works in the stall next to shadow's looks down at shadow.)
JAKEKUB: Hey Shadow. You uh… seen MadSainter? He's not at work today. And it's his first day!
SHADOW: (Casually lying) He must be sick today.
JAKEKUB: Oh man, I sure hope he's okay.
SHADOW: Yup… Well, I've just got a few more alts to ban and then I'll be done for the day.
JAKEKUB: I've just got to vote on a couple more cases. Only 5 people got themselves put on the universal ban list today. It's gotten better, but there are still a lot of people out there that don't like the Central Kingdom merge.
SHADOW: They'll learn to love each other eventually. All we're trying to do is make sure there are plenty of games for all tastes, and that everyone gets an equal share of joy. I guess some people don't like to share...
(Tommy walks in wearing full diamond.)
TOMMY: You guys get the new list of cases yet? Dans just hosted a game so there's about 6 more reports coming in straight from Game Central.
(Shadow and Jakekub groan, then Silverteeth walks in with a creeper head on behind Tommy, whispering a menacing '*sssssss*' noise. Tommy freaks out, ad libbing horrible expletives at Silverteeth as he chases him out. 'SILVERTEEEEEEEEETH,' 'Silverteeth you little…,' 'I'LL SHOW YOU BEST PVE,' '[BYTEXAL-LEVEL-SWEARING]')
SHADOW: Well Jakekub, looks like we'll be staying up a little late.

JAKEKUB: Well at least we aren't in the hosting advisory. I heard they all got fired and dashed out somewhere.
SHADOW: Yeah, that hyphen incident really led to an uproar, but not one like we're seeing now. The UBL committee isn't bad, I wish everyone would realize that… we keep the community safe from hackers, we keep the peace… most of the time.
JAKEKUB: While it's true we don't get a lot of credit, I suppose people do find a place in their heart to love us a little. Sometimes.

Song #2 | The Committee

SHADOW
When you're in the committee people treat you better. Sometimes.
JAKEKUB
When you're in the committee people give thank you letters. Sometimes!
SHADOW
Though it's not always a romantic moment between the players and we…
JAKEKUB
There's a lot of love given to you and I when we protect UHC
SHADOW AND JAKEKUB
Sometimes!
Though sometimes it's scary when things get hairy and people threaten our lives
When the accused gets a month or two on the banlist that they so despise.
SHADOW
Hardcore as it is no need to throw a fit when you get what you deserve!
JAKEKUB
One month, two months, six months, twelve months, our only job is to serve!
BOTH
The committee!

(Silverteeth walks in at this moment and is very confused.)
SILVERTEETH: Umm… what are you two scrubs doing?
SHADOW: Oh, we were just singing about the committee.
SILVERTEETH: Oh, well you know what, the committee sure has made me famous.
JAKEKUB: Yeah, I bet so! People from miles around come to look at us… and yell at us.
SILVERTEETH: We should sell committee propaganda. Like get money and stuff y'know what I'm saying.
SHADOW: Just think of all the things we could sell...

SHADOW
Committee t-shirts, committee miniskirts, committee ballcaps, committee mousetraps
JAKEKUB
Committee monopoly, committee pet monkey, committee posters, committee coasters
SILVERTEETH
Committee glasses, committee baking classes, committee unicorns, committee gay porns

SHADOW AND JAKEKUB: WHAT!?

SHADOW

The committee is really quite pretty when you see our good side.

JAKEKUB

Though it's very sad for a UHCer to always be locked up inside…

ALL

The committee!

(A bell can be heard ringing. It is time for the daily committee meeting.)

Scene 3

Setting: In the committee meeting room. Everyone is gathered around for Berg's speech.

BERG: Alright kiddies, buckle your britches because I'm about to blow your minds. When I was brought up in Australia we had to fight against some of the top venomous creepers and zombies. Well I just wrote a plugin called Moles 6.0! This makes moles randomly spawn in the world as hostile mobs. And, much like the harsh wilderness that Australia is, they are extremely dangerous. They one-hit kill you and wither you in the off-chance you survive.
NUMDEGASED: So uh… you want this to be part of the UHC plugin?
BERG: Well of course! Lately these little nitwits have been making the game too easy with their gamemodes. I mean look at deca packed ores! Look at it! And infinite enchanter, and gone fishing, it's ridiculous! This will make the game much harder. I'm sure everyone will enjoy it.

(The committee murmurs their disapproval but nobody dares speak up.)

BERG: Alright, since there are no objections I suppose I'll make this part of the UHC Plugin.
GIL: Umm… Berg, I don't think they really approve.
BERG: What? But this is the best idea! Oh fine. I guess I'll settle for just making this a gamemode… Well. Next topic. Anyone got suggestions?
JAKEKUB: I have a--
BERG: No? Ok then. Next topic. Game Central has been updated to create more jobs. Now there are snack vendors that will run around during the tournaments to feed people. You get very hungry when watching games. Isn't that right, Gil, my lovely secretary?
GIL: Ehm… yes Berg.
BERG: That's right I'm right! And very soon this game will be what it was meant to be… hardcore! And all the little tykes with their thumbs in their mouths will go off to play a game for their own age scale. Like Ponytime Adventure Rainbowland Deluxe Edition. My daughter loves that game.

Song #3 | Forget it Ever Happened

BERG

When you wake up every day and you see
a ton of gamemodes quite crappy
what else is there to do?
downvote it so as to
forget it ever happened

GIL

Berg maybe you should take a pill
your blood pressure's run up a hill
you know what'll happen you
might lose a heart or two,
forget it ever happened

BERG

Well it's not my fault my heart is a-pounding!
The garbage these blokes make is astounding!

GIL

Berg, what you speak is true
but the wise thing to do
is forget it ever happened.

BERG

Forget? How could I!

SHADOW

Maybe turn a blind eye.

ALL

Forget it ever happened!

(The lights suddenly go out. There are murmurs from everyone in the darkened room. When the lights come up, where Flouze was sitting there is nothing but a smoke cloud.)

(Simultaneous) NUMDEGASED: What in the…?
(Simultaneous) EPICSACKVILLE: I CAN'T SEE! I CAN'T… OH.... I can see now.
JAKEKUB: Uh…. guys? Where did Flouze go?
TOMMY: He's gone! All that's left is this cloud of smoke!
JAKEKUB: Oh no…. what happened!?
BERG: (After a short pause) I've seen something like this happen before. A long, long time ago. I thought we had gotten rid of all of them…
SHADOW: What are you getting at, Berg?
BERG: It looks like DDoS.

(Everyone gasps. DDoSing had not been seen for months.)

Scene 4

(Setting: Flouze is sitting in the middle of nowhere. In near absolute blackness. The realm inbetween.)

FLOUZE: No mom, five more hours. Oh no. This is NOT my room... oh no… no no no. (after a pause) What is this? Where am I?
VOICE: Hush now.
FLOUZE: Who are--
VOICE: Shh… let your mind settle.
FLOUZE: Settle…
VOICE: You want to help me.
FLOUZE: I want to… help you. But…
VOICE: I am your master.
FLOUZE: You are my master...

Scene 5

SHADOW: DDoSing? We haven't seen something like that for months!
BERG: It looks like things might get a little hairy in the next few days… whatever you do don't show anyone your IP Card! If you show your IP Card you are at risk of being DDoSed. When you are DDoSed you are disconnected from reality for a short time and sent to a world where who knows what will happen. Flouze bought lunch at the FairyJuicer Resort today and probably had to show his IP Card. Everyone be careful. Trust nobody. This looks like the return of the hackers.

(Just then Flouze suddenly appeared right where he had previously disappeared only a few moments before.)

FLOUZE: Woah…
SHADOW: Welcome back to the land of the living. You gave us quite a scare.

BERG: DDoSers can only remove you from reality for a short period of time. We're lucky you still seem to be sane after what happened.
FLOUZE: Hehe… yeah. Thank goodness for that.

(Everyone leaves except Flouze)

(Brainwashed guy now wears a phantom of the opera mask.)

FLOUZE: Heheh. Well, how fortunate. They seem to think I'm fine after all. Looks like the master's plan is working.

Song #4 | The Kingdom Shall Fall (Unfinished)

FLOUZE

This kingdom is like a game of Kings
you take down the leader as everyone sings
and you start the laugh as you tear down the walls.
from the inside out, the kingdom shall fall.

The kingdom shall fall!
But a new one will rise!
Not one that is blind,
but of my master's eyes.

End of Act I

INTERMISSION #1

+=+=+=+=+=+=+=+=+=+

(only for the abridged version)

Act 2

Scene 1

(Setting: The evil lair. A dark giant tower in the middle of an ice plains.)

VOICE: (Distorted so you don't know who it is.) Good work, Flouze. You've given me the IP Cards of a few pesky individuals… but the question is... do I want to control them or just get them out of my way?
FLOUZE: Hehe, well I did the best I could. I only managed to get the IP Cards of four, but hey. Why not get them out of your way? No worries then!
VOICE: I'm sure I could find them useful. After all, what good is ruling the world when there is nobody to worship the ruler? So I won't kill everyone. Just the ones that stop me from accomplishing my goals.
FLOUZE: Very wise, master. Very wise indeed. How are you going to go about this plan of yours?

Song #5 | Rule The World

VOICE

I was born and raised playing UHC
no one in the world is as hardcore as me
I played back in the days where this game wasn't easy

No stupid gamemodes that make everyone feel queasy

I grew up believing the only way to survive
was if I was the sole controller of everyone's life

Rule the world…
Rule the world...

That is what I'm going to do
Rule the world!

FLOUZE

What if you can't do it?
What if your plan fails?

What if all your hard work
just goes flying off the rails?

VOICE

Don't be a fool! I have planned this all for ages.
The transcript of my plan is 36 whole pages!

Rule the world…
Rule the world…

That is what I'm going to do
Rule the world!

And after I am finished
everyone will bow down to me

yes, after I am finished
I will be the God of UHC!

Rule the world…
Rule the world…

That is what I'm going to do
Rule the world!

Scene 2

SHADOW: We the committee have gathered you all here today to discuss… why are there so few people here?
YERRU: Dans is hosting a game and we were the only ones that didn't get in.
SHADOW: ...Ah. I see. Well we've gathered you all here today to discuss something terrible that has begun to happen. It appears that the hackers have returned.

(The crowd gasps)

KIDFIERCE: But we haven't seen hackers for months! Ever since the great Bergasms defeated them all in the Great War of Hackensack Tower! I see what's going on, this is the committee's fault! It's because of your laziness that this is happening!
(Crowd starts murmuring)
SHADOW: Gentlemen, please! Calm down!
EPICSACKVILLE: It appears this scrub we're trying to track down is DDoSing. So whatever you do, don't show your IP Card to anyone. He will be able to DDoS you.
SHADOW: Alright, well if we're going to find this guy I suppose we should split up into teams. Yerru and Mr. Kidfierce you go through the Dark Forest and take the Western Front. Silverteeth and Tommy take Death Poison Valley. Jakekub and SidGarcia take Game Central. Numdegased, Bitz, Berg, and Fairyjuice, I'm giving you the hardest job of all. You must look around in Rainbow Topia.

(There are gasps around the crowd.)

FAIRY: No! NO! Aaaggh!!!
BERG: I've got a wife and kid!
EPICSACKVILLE: Numdegased hold me!
NUMDEGASED: I ain't afraid.
FAIRY: You should be!

(The people get into their teams.)

YERRU: Mr. Kidfierce and I will see you after we scope out the West.
KIDFIERCE: I'm too famous to have to be dealing with this crap…
SILVERTEETH: Umm…. yeah see you later shadow.
TOMMY: Don't worry Silver, I brought an extra suit of full diamond.
JAKEKUB: SidGarcia, let's tower up to see a wider area.
SIDGARCIA: I'll go get the snowballs!

(The four vets are still shivering in fear)

BERG: You know what guys… we can do this! We're veterans, right? I mean… it's not like that area is where I tested my Moles 6.0 plugin or anything hehehe.

EPICSACKVILLE: I guess you're right… I could use some target practice on the… things out there.
FAIRY: I wish we had something to make us feel better about all this…
NUMDEGASED: You know what… I think I might have the perfect idea…

Song #6 | Save The World (Unfinished Quartet)

(BASS) - NUMDEGASED

Team of four…

(TENOR) - BERG

Team of four…

(ALTO) - EPICSACKVILLE

Team of four…

(SOPRANO) - FAIRY + ALL

Team of four!

(B,A) We are here (T,S,we are here!) to save the world
(T,S)save the world

Scene 3

At The Western Front

Setting: The Western Front. Mr. Kidfierce and Yerru walk into the local bar.

MISCH: (on the phone) This is Mischy, I am running out of corn here, I would like to order some more corn. Can I speak to a real person please? (hangs up phone to greet costumers) Welcome to Mischy's bar and grill and strip club and sauna, may I take your ordah?
YERRU: Actually, we were looking for some suspicious characters.
MISCH: Suspicious characters section is ovah thee'.

(The camera turns to see Mjora Magician performing magic tricks while Burning and Longa the pirates watch.)

MJORA: I am Mjora Magician, now watch and be amazed as I pull a rabbit out of this hat!

(A rabbit appears from the leather cap he threw down.)

BURNING: Aye, that's quite the trick you got tharr! Reminds me of me ol' lass out in Central City. Aye, she was a beaute. The prettiest pearl o' the sea. Ever since I got shipwrecked in this wasteland I've been drinkin me heart out. Ahh, to see my lass again…

KIDFIERCE: (To Burning) Umm… we were wondering if you knew of anyone that was causing trouble or doing some really shady things. Like… say… hacking?

(Everyone in the bar gasps and turns to look. Mischy spits out his drink.)

MISCH: Hacking? Say, you wouldn't happen to work for the courtroom would ye? Those bunch of idiots!
LONGA: Nay, I can't say we sees anyone hackin' 'round these parts lately ever since the extermination. The committee is a bunch of scurvy landlubbers, but at least they do their job!

(Suddenly Yerru disappears in smoke.)

MJORA: I did *not* do that.
KIDFIERCE: Oh no. This is what Berg warned us about. Yerru's been DDoSed!

(Mischy spits his drink out again.)

KIDFIERCE: But how!? He didn't show his IP Card to anyone… which means…

(Yerru reappears.)

KIDFIERCE: Yerru! You're back!

(Yerru takes out his sword.)

YERRU: 'Ey pal. Long time, no see.

(Yerru starts forcefielding everyone in the room)

MISCHY: He's forcefielding! Get him out of my bar, forcefielding is strictly against my bar's policy!

(Cut to…)

Scene 4

At Death Poison Valley

SILVERTEETH: Well, here we are. Death Poison Valley. Home of the cookie nymphs.
TOMMY: We didn't even need this full diamond. I could've left it all back and wore my summer clothes. Oh well.

SILVERTEETH: Well we might as well split up. I'll take the pixiedust mines, you can take Love Tower.

(The two take their separate paths.)

TOMMY: Hmm. There doesn't seem to be anything here…

(Smoke starts to engulf Tommy)

TOMMY: What the…

(Cuts to Silverteeth who is checking out the mines)

SILVERTEETH: Nope, nothing is here. Should probably head back now. (Digging sounds are heard)
What? Someone's digging to me? That's odd… good thing I brought along smooth stone!

(Silverteeth digs away and Tommy follows him close behind.)

SILVERTEETH: What?? How does he know where I am! He must be…

(Silverteeth gets killed as Tommy x-rayed to him. Cuts to Jakekub and SidGarcia.)

TOMMY: X-Raying? Hahahaha! HEHEHEHE! HUEHEUHEHEUOOUHEHEHHHH!

Scene 5

At Game Central

JAKEKUB: Game Central looks to be running fine. I don't see any problems here. Do you think he's in a game, SidGarcia?
SIDGARCIA: Doubt it.
JAKEKUB: Well we can probably head down now--

(SidGarcia disappears in smoke)

JAKEKUB: SIDGARCIA! NOOOOOOOOOOO! He just… and then…. but… I and… whaa!? But what happened? Oh wait… Berg told us about this… This is the work of the DDoSer! But how did he get his IP Card?

(SidGarcia reappears)

SIDGARCIA: What a rush.
JAKEKUB: SidGarcia! Are you alright!? Are you hurt? Did you get pneumonoultramicroscopicsilicovolcanoconiosis!?
SIDGARCIA: Wha? Uh no. But I did get something I think you'll enjoy.
JAKEKUB: Oh really? What's that!
SIDGARCIA: Snowballs!

(SIDGARCIA shoots Jakekub with snowballs and Jakekub falls to his death.)

Scene 6

At Rainbow Topia

EPICSACKVILLE: Well here we are…

(The four vets start crying a little.)

BERG: No! I refuse to cry! I am a man. I AM A MAN!
NUMDEGASED: Shadow is a big meanie. We shouldn't have to deal with this! Berg you are the head mod! Why are you allowing Shadow to send us off on suicide missions?
BERG: The guy's got issues. Nobody has made fanart of him so he's a little sad at everyone. He was in the washroom crying for three hours straight and not doing his work. I guess I felt some pity.
FAIRY: That's no reason for him to force us to commit suicide!
EPICSACKVILLE: Isn't forced suicide murder?

(A very frightening noise is heard in the distance.)

NUMDEGASED: (Starts mumbling) Preamblee our lord and savior please forgive us of our sins and let us not perish but live with you for all eternity in the comfort of not being eaten by molemen.
EPICSACKVILLE: It's all over…
FAIRY: Now hold on… what's that in the distance?
EPICSACKVILLE: Looks like a tower.
BERG: Now hold on, that wasn't on the map… that must've been built very recently.
FAIRY: MrTeamRaven hasn't been anywhere around here!

(Smoke starts to engulf Numdegased, EPICSACKVILLE and Fairy scream)

NUMDEGASED: What the…
BERG: DDoS? But he couldn't have had time to show his IP Card to anyone outside the… hmmmm.

(Numdegased returns)

BERG: Numdegased! What's my name? How many fingers am I-- wait no. That won't work.
NUMDEGASED: Bergy! Nice to see you again. Well that was interesting. I had a great trip. Have you ever been on acid and then suddenly everything goes black and you feel like you're choking to death? It was like that. Very surreal.
FAIRY: ...K
NUMDEGASED: Well what are you scrubs waiting for? To the tower!
BERG: (Muttering to himself) Something is not right…

Song #7 | In The Dark

CHORUS

Four brave heroes rise and fall
rise and fall

Fairy is shaking
shivering, quaking
Numdegased is cackling
from his evil mobbing
in the dark and gloomy halls

HALLS!

CHORUS

In the dark and gloomy halls
three brave heroes rise and fall
but another hero's mortified
in the dark and gloomy

SOLOIST #3

In the dark just two remain
two remain
two remain
in the dark and gloomy halls
in the dark and gloomy

who is wrong and who is right?
scared to lose
scared to fight
in the dark and gloomy halls
in the dark and gloomy

CHORUS

HALLS!

BERG: The amount of stairs in this tower… what is this, The Labyrinth?

(Numdegased pops up scaring Berg)

NUMDEGASED: Ehh… not quite. It needs the bog of eternal stench.
BERG: Numdegased! Where did you come from?
NUMDEGASED: Oh, I was just walking along when I bumped into you.
BERG: (Suspicious) Numdegased… where are the others? Where's EPICSACKVILLE? Where's Fairy?
NUMDEGASED: *(Mischievously)* Heck if I know. They probably got lost. This place is huge.
BERG: Blast it all! Numdegased… you're the mole!

(Berg and Numdegased go into an epic battle and Berg ends up succeeding)

BERG: Never melee an Australian. Ugh… so if someone can be brainwashed by being DDoSed… oh no. No, no, no… Flouze. He was the one that gave away the IP Cards… blast! I have to get to the top of the tower now!

Scene 6

VOICE: What a beautiful day to rule the world. The sky is black. The air is frigid and stiff. The odor is… strangely nice. Wow! What is that smell? Is that perfume? Cologne? Flouze, are you wearing cologne!?

(Berg walks in the room)

BERG: It's the smell of my fabulosity, you fool! Show your face.

(Voice turns around, but you cannot see his face as the camera is still pointing at Berg)

BERG: You… but why!? How!? You're not thinking straight…
VOICE: Idiot! You've gotten in my way long enough. You don't deserve to live in my kingdom. Meet your final resting place!
BERG: No! Please! What are you doing… (Sparks begin to envelope Berg) what is this!? NO! I have a wife and k--

(Berg has disappeared)

FLOUZE: What did you do? That was not DDoS.
VOICE: It's a little new power I have... I UBL'd him. I put the great Bergasms on the Universal Ban List! (Evil laugh)

Act III

Scene 1

(Setting: At town hall. Everyone is yelling at once.)

SHADOW: Calm down everyone! Calm down! QUIIIIIIIIIIIIIIIIIIIIIIIIIIIIIIIIIIIIIIEEEEEEEEEEEEEEEEEEEEEEEEEEEEEEEEEEEEEEEEEEEEEEEEEEEEEEEEEEEEEEEEEEEEEEEEEEEEEEEEEEEEEEEEEEEEEEEEEEEEEEEEEEEEEEEEEEEEEET!

(Everyone stops talking)

SHADOW: Ahem… Now as I was saying…

(Everyone starts talking again)

SHADOW: Wha--?
GIL: Umm… quiet.

(Everyone suddenly stops talking and stands at attention.)

KIDFIERCE: And then I said oatmeal, are you crazy! -- oh.
SHADOW: Er… well I can't ask you what's going on if you're all telling me at once!

Song #8 | Tell It All Again (Needs Redone)

SHADOW

What is happening,
the silence is deafening!
Tell it all again!

Who did what
and when was where?
what time was the
thing that happened there?

JAKEKUB

SidGarcia went all evil!
He launched me off the tower!
I'm gonna file a lawsuit!
I'll be back in an hour!

SILVERTEETH

Tommy is a scrub!
He x-rayed right to me!
Now I've got a headache!
Makes my brain all gooey!

KIDFIERCE

Yerru is crazy!
He forcefielded all the people
Now Mischy has a lawyer!
That darned sneaky weasel!

SHADOW

Tell it all again!
Tell it all again!

I don't understand
When will this thing end!?

EPICSACKVILLE AND FAIRY

Numdegased is insane!
He's the one to blame!
He backstabbed us inside the maze
now this'll be the price he pays

(Zoom in on fairy pulling out a sword and starts to attack Numdegased)

NUMDEGASED: Ow, ow, ow!

NUMDEGASED

What are you guys doing?
What are you talking about?
I didn't kill either of you!
Now stop it you louts!

EPICSACKVILLE

What do you mean?

FAIRY

Did you forget?

NUMDEGASED

I don't remember anything…
you twit!

(There is a pause)

SHADOW: Huh… so you weren't conscious when all of this happened?
EPICSACKVILLE: Don't believe him! He's the mole! HE'S THE MOLE!
SHADOW: Now hold on… why did they attack you guys anyway? Why did Sid, Tommy, and Yerru suddenly go crazy? The only explanation is that… when someone gets DDoSed they become brainwashed! But by who? This is all so confusing…
NUMDEGASED: That sure would explain things… the last thing I remember was that I was covered in a cloud of smoke. And then nothing. Darkness.
SHADOW: But then if you were DDoSed along with Yerru, SidGarcia, and Tommy… then they must've had their IP Cards shown to whoever was the culprit. But they didn't show anyone! They didn't have time to, and Berg told everyone not to. Speaking of Berg… where is he? He didn't respawn like the rest of you.

(There is murmuring among the crowd. Suddenly Flouze comes in.)

FLOUZE: Looks like I'm late to the party. Oh well. Why don't I clear things up for you fellas since you're so close to figuring it out already.

(The crowd is very confused.)

FLOUZE: I know you were so close to figuring it all out, but honestly… that doesn't make a big reveal quite so flashy, does it? Here's the deal, friends. My good ol' pal said I could rule part of the world with him if I helped him accomplish his goal. To do that I needed to do one thing. Can you guess what it was?
SHADOW: (Really Scopehead (mad)) You got the IP Cards of committee members and gave them to your master.
FLOUZE: We have a winner! Dingdingding! You win a cookie, are you proud of yourself? Well very soon you won't have to wallow around in your little pit of self sorrow and despair. No more pain, no more agony. For me, anyway. As for you, you'll be working too hard on building a statue of my master to cry. And if we see any tears out of you, we'll just have to fry them off of your corpse. The best part is that you'll just respawn so that we can torture you all over again. Fun, fun. But you know the best part? Your friend Berg, I'm afraid, won't be coming back.
ALL: (adlibbing) What!? He's not respawning… and he's…
FLOUZE: So so sorry, I know you were friends.
SHADOW: You… you [censored]!

(Everyone gasps)

YERRU: (Whispering) Uhh… Shadow… you can't say that. This is a PG rated film.
SHADOW: Shut up!
FLOUZE: Hackers, assemble!

(The remaining brainwashed members enter in various ways.)

FLOUZE: Trap these fools! The master will want to deal with them.

(Cuts to Numdegased and Shadow)

SHADOW: What do we do!?
NUMDEGASED: I've got a plan. I'll distract them while you escape. You have to go to the tower in Rainbow Topia. That's where the big cheese is.
SHADOW: Are you sure about this? You could be spawnkilled!
NUMDEGASED: I've got to do it! Now go! Go!

(Shadow stays near the shadows while Numdegased goes and distracts them)

Song #9 | There's A Game (Reprise)

NUMDEGASED

There's a game we all play filled with hackers everywhere
There's a game we all play where players must beware
And who's behind it all? Who could be so cruel!

To ruin the fun of all? You'd have to be a fool!

EPICSACKVILLE

We can't fight, but we can sing, and we can entertain!

FAIRY

And after all, what can we do, this situation is a pain!

NUMDEGASED EPICSACKVILLE FAIRY

We've got nowhere else to go!

CHORUS

Berg is gone, we're all scared, and no one else can save us
from the war that is waged on the players that we trust
And we're all trapped in here… there's nothing we can do!
To overcome our fear… and hope our plan will follow through!

We're stuck here in a cell and we'll most likely die
And all we have left to do is sit here and cry!
And hope for a miracle… or we'll fry!

Scene 2

Setting: The long road to the Rainbow Topia Tower

SHADOW: Ugh… in daytime this place looks so peaceful. Everything the light touches… was Berg's kingdom. Except for that dark spot over there. That is the land of the banished. How could things have gone this bad. Who would even be capable of doing such a thing as this? I started off the day singing in joy! And now...

What a day… everything is ruined.

Song #10 | What a Day

SHADOW

What a day… all my friends are stuck in cages.
What a day… a story full of blank pages

And all I can think about
is what will I do
We can't just restart a "server"
and make everything new

What a day!
What a day…
I feel like the sky is falling
How can I find my calling?
There's no way!
There's no way…

Oh, what a day.

It started off in a happy way
but I just don't have the ambition anymore
I'm just a guy with wimpy KDR
Who's only known for being a major bore...

And all I can do
to not fall to my knees
is think about all
the ones counting on me

So I'll fight…
Oh, I'll fight.

What a day!
What a day…
You know I am trying to
make all our plans pull through
I will slay!
I will slay…

Oh, what a day.

SHADOW: The tower is up ahead… my body is ready.

(Shadow walks up to the door and a Professor Layton-esque GUI pops up saying "from this point on you will not be able to save your game")

SHADOW: What the? Oh whatever. I'm going in!

Scene 3

Setting: Zaenith is sitting down in front of a computer whilst Edviin is near a bunch of fiery furnaces inside the dark and gloomy tower.

ZAENITH: Hey Sam come over here! I just got a new high score on osu! I DID IT!
EDVIIN: Shut the [censored] up Zaenith, I'm baking [censored] chocolate muffins!
ZAENITH: WOW! You don't have to be so rude!

(Shadow walks in)

ZAENITH: Oh, hey Shadow. Welcome to the evil lair.
SHADOW: Zaenith!? What… what are you doing here!?
ZAENITH: I don't play UHC anymore so to get away from discrimination I just came here because the master guy has a computer and lets me play osu!
SHADOW: Osu? What in the bloody world is osu?
ZAENITH: Are you kiiiidding me!? Osu is like 20 times better than UHC. Just ask Edviin over there.
SHADOW: Edviin!? You too!? But you still play UHC!
EDVIIN: [censored] that I just want to bake my [censored] chocolate muffins in [censored] peace without people asking me to team with their [censored] dumb[censored] friends, those [censored] [censored]!
SHADOW: I can see you think very strongly about this topic.
ZAENITH: Nah, seriously watch me play osu! before you go confront that scrub up at the top of the tower.
SHADOW: Look, Zaenith, I don't have a lot of time to mess around. My friends are all kinda doomed and if I don't free them and stop the evil overlord the entire world might crumble… alright, I'll watch you one time.
ZAENITH: Sweeeeet.

(A clip of Zaenith playing osu! is played)

SHADOW: Ehh… you must be popular with the ladies.
ZAENITH: Alright, now your turn!
SHADOW: No! I don't have time! I-- alright fine.

(A clip of Shadow playing osu! is played)

SHADOW: How do you even play this game!?
ZAENITH: Wooow you're bad.
SHADOW: Shut up!

(Shadow punches Zaenith)

ZAENITH: Ow.
SHADOW: I'm going to go confront your "master" because he just so happens to be ruining my life. Good bye.
EDVIIN: See ya, you little [censored] kid who plays with [censored] legos.
SHADOW: Watch your [censored] language!

(Shadow exits to the stairway.)

ZAENITH: What did he say?
EDVIIN: Never heard that one before.

Scene 3

(Setting: Shadow is going up the winding steps of the tower. Fitting music could be playing in the background. At the top of the tower is the Voice sitting in his chair. The two minions, Zaenith, and Sam come out from both sides from elevators.)

EDVIIN: Haha. You could've taken the elevator, [censored] scrub!
SHADOW: You in the chair. You're behind this all, aren't you?

(Shadow draws his bow)

SHADOW: Show yourself!
VOICE: Oh well looky here. I haven't heard that garbage voice in ages! Shadow. You've come a long way, escaped my minions, just to see my face, have you? Fine…

(Voice steps up and turns around revealing that he is really…)

SHADOW: No way...
MADSAINTER: Yo! You like my new microphone? It makes my voice do all this funny stuff. Like this!

(Changes his microphone to make his voice very chipmunkish)

MADSAINTER: Hello Shadow! It's me, MadSainter!
SHADOW: Why? Why are you doing this to everyone!? You trapped everyone, you're spawnkilling them for all I know, and you did who knows what to Berg! But how!? How did you even do such a thing?
MADSAINTER: Well, let me tell you a story…

Song #11 | Corruption (Unfinished)

MADSAINTER

(Song)

MADSAINTER: Zaenith, work that piano!

ZAENITH: Wha?? But I can only press circular keys, not rectangular ones!
(Music starts, it is not that great.)
ZAENITH: Is this alright!?
MADSAINTER: Close enough!

(song)

MADSAINTER: So there you have it, Shadowlego. This world is corrupted, and it must be purged of all its impurities. This united kingdom of Ultrahardcore is a festering gash of hate and ignorance in our once flawless haven. This world has become tainted with foolishness, and I, for one, can take it no longer. The purge has begun. I am taking control of everyone, and in doing so I shall become king of this land, and new laws shall prohibit all but the greatest of jokes. There will be no more memes!
SHADOW: This is what you're upset about!? This kingdom was founded on one principle; that all players deserve to have fun. Your proposition is to remove some of that fun?
MADSAINTER: Fun? Can you not see the incredible amounts of hatred in this land? Players attacking fellow players with rage-induced words of malice. This game was once a gentleman's game, where mature people would compete for glory… but now there is no glory to win. What glory is there in winning what is now a game for children? My motives are pure… I shall return this game to its past glory, where there was no such thing as a bad gamemode.
ZAENITH: That's why I play Osu!
MADSAINTER: Silence! (Draws his bow and shoots Zaenith) Bullseye.
ZAENITH: OWWWW
SHADOW: I realize now what you're trying to do… yes, it's true that there are many people who are not very nice in our community, but that doesn't mean you should punish those who are. These bad gamemodes you speak of… sure, they suck. Flower power? It sucks. Triple ores? It sucks! But your definition of fun doesn't match others, and neither does mine. You just need to accept that people can enjoy things that you don't enjoy! That's something that (voice breaking)… Berg… never learned…
MADSAINTER: I've heard enough… I've heard enough of your ramblings! Everyone left at spawn is now trapped in a cage, being burned alive nonstop… and now the only one left in my way is you.
(draws bow)
Central Kingdom is mine!
(Shadow runs through the window of the tower, but gets shot in the back as he jumps out.)
Bullseye.

(Shadow, at half a heart, water buckets and hides behind a tree as MadSainter gazes out and maniacally laughs.)

MADSAINTER: Gentlemen, the reign of the committee is over, and the softcore that came with it. It is time for the reign of me, the new hero, this land shall once again be hardcore!

SHADOW: (painfully) Gotta… get to… spawn...

Scene 4

(Setting: Spawn takes on a reddish hue as gloomy music plays. Various people are being forced to build statues of MadSainter. There are new banners placed around buildings of Central Kingdom. The scene changes from Shadow struggling to get to spawn and back to the struggles of what spawn is now like frequently. The music ends, Shadow is now at spawn.)

SHADOW: This… this can't be happening. I'm alive, but I'm not regenerating health of course… how do I beat this guy? Oh, I wish Berg was here. He would know how… but what happened to him? He's not respawning… what would prevent him from respawning? DDoS only does that temporarily…

(Shadow looks up at the broken down Committee HQ building. The sign shows "[UBL]" as it focuses into frame.)

SHADOW: That's it! Now it all makes sense… why MadSainter joined the committee and didn't show up at work for his first day… he only joined for admission to the banlist! Which means… he has the banlist on him right now! Drat! Darn it all! I need to get a better view of spawn…

(Shadow climbs Committee HQ to see spawn. MadSainter's throne is built. In his hand he is holding the universal ban list.)

SHADOW: There it is… now how do I get him to leave it somewhere long enough for me to grab it? Oh!! I've got it!! SHADOW CLONE JUTSU! ...Dang it. Well, crap, that was my only idea… guess I'll just have to think of a distraction or...

ZAENITH: Heyyy, MadSainter. I just got a new high score on osu! Come check it out!
MADSAINTER: Don't talk to me. Get the slaves back to work! They cannot stop until they have completed the statue. Also, where is the ice cream I ordered? Go fetch it! And remember, I like my ice cream like I like my UHC. VANILLA!
ZAENITH: Uhhhh… where's the ice cream machine again?
MADSAINTER: You son of a… come with me!

SHADOW: Oh. Thanks Zaenith. Alright, I've only got half a heart left. I can't mess this up!

(MLG water buckets down)

(Shadow passes through the spawn cage, people see that it's Shadow and start cheering him on.)

PLAYER 2 (Twitt): Look, it's Shadow!
PLAYER 1 (Redditor): Go Shadow! You can do it!
PLAYER 3 (Badlion): Save us! SAAAAVE UUUUUS!!!!

(Camera turns to the minions who are currently slave-driving.)

MINION 1: Wait… that's Shadow!
MINION 2: Well get him! He's got the master's book thing!
MINION 3: HEY! YOU BRING THAT BACK!

SHADOW: Alright, this is the universal ban list… c'mon, c'mon… where's Berg on this?

MADSAINTER: What is going on?? I'm trying to enjoy my vanilla ice cream… wait what!? Shadow… you're still alive!? HEY! You let go of that ban list!
SHADOW: C'mon c'mon… there it is! Erase… erase…
MADSAINTER: Time to die, Shadow.

(Draws back bow. camera goes back and forth to MadSainter drawing his bow and Shadow erasing a letter of 'Bergasms' on the ban list. Arrow is fired, and right before it hits Shadow, the 'B' in Bergasms is finally erased, but Shadow takes a fatal blow.)

MADSAINTER: Bullseye. Hueheheuhehe… that was the last one in my way, and now he is gone. Bwahahaha! Now build, slaves! BUILD!

(Dramatic music plays, and at the climax Bergasms appears from the book in a flash of sparks.)

BERG: Berg has joined the game, PUNK!
MADSAINTER: You! B-b-but… I put you on the ban list!
BERG: It appears as if your sweet tooth has become your downfall.
MADSAINTER: No, not quite! You forget… I have the power to DDoS you! Hahaha!!

(Smoke engulfs Berg, but nothing happens.)

MADSAINTER: What!? Nothing is happening!
BERG: Heheheh. You idiot. I deal with worse internet than this in WMC!
MADSAINTER: No no no… this can't be… MINIONS! GET HIM!

(The minions come forward, but are quickly melee'd to death by Bergasms.)

BERG: As I said before… *never* melee an Australian!

(Shadow and the others stuck in the cage are complaining)

SHADOW: Berg, glad to see you back! But uh… we're kinda getting third degree burns right now.
BERG: Oh, yes of course!

(Berg releases all of the people, now free from the brainwashing effect of the DDoS.)

MADSAINTER: No… NO! You idiots! I was trying to save this world, not destroy it! You treat me as if I am a criminal! This land has been corrupted by bad gamemodes, filthy imbeciles bullying others, rioting in the streets between the Badlioners, Twitter and Reddit players, and the *memes are the worst of all!* And you, Shadow… this is your fault! You freed Berg from the banlist!
SHADOW: What can I say? I'm just a biased committee member.
BERG: MadSainter, I agree with you on some things. Sure, many of the gamemodes, perhaps even most of them, reek of the stench of badness. Cutclean, infinite enchanter, triple ores, flower power. These gamemodes are considered by many to be a plague on our game… there are a lot of gamemodes that people enjoy that I don't think have any place here… (sigh) but alas they are also considered by many to be fun, and so we allow them. As for the bullies… you are correct. Those people are indeed scrubs, and so we shun them and downvote them into nonexistence. And of course, the rioting in the streets is ridiculous. Friends, Romans, and countrymen, lend me your ears! Are we not the same? Why argue with each other when we all play the same game. We have our differences, but on the inside we are the same community. And the memes, MadSainter? Oh please. You've just turned yourself into one.
MADSAINTER: Grrr… I'll be back! I WILL RETURN! And next time, I'll have even MORE musical solos!
SHADOW: Actually, no you won't return. As we went through these monologues, the rest of the committee members have finally finished the new courtroom with the help of a few friends (points out the reddit, twitter, and badlion crowds). Say hello to the giant version of what we all use to determine how long to ban someone… the UBL Dartboard! What can I say? I'm biased.
MADSAINTER: You wouldn't dare…
SHADOW: All it takes… is one shot.
(Shadow draws back his bow and shoots, hitting the center of the target. Permaban.)
Bullseye.
MADSAINTER: NOOOOOOOO!!!!!

(MadSainter disappears in an explosion of smoke and particles. Everyone at spawn cheers and celebrates.)

PLAYER 2 (Twitt): Huh… you know, I guess the committee isn't that bad.

PLAYER 1 (Redditor): And what Berg said… he's absolutely right! Maybe Badlion, Twitter, and Reddit players really can be at peace with one another.
PLAYER 2 (Twitt): Yeah… maybe. Say, do you guys wanna play the To3 in half an hour?
PLAYER 3 (Badlion): Sure. I'd love to.
ALL: UHCers! One and all!
SHADOW: What do you think, guys? One more song to celebrate?
RAVEN: Yeah, okay, but I've got a recorded round in like 10 minutes so make it quick.

Song #12 | There's a Game / Forget it Ever Happened (Reprise)

CHORUS

There's a game we all play where we live in harmony
There's a game we all play by the name of UHC
And now we have it all! We learned to live in peace!
'Good game' is our new call! The bullying will cease!

SHADOW

We have fought, we have sang, and have everything to gain!

BERGASMS

And at last, people know, the committee's not inane!

CHORUS

And our optimism overflows!

FLOUZE: Aghh, my head!

(Flouze with the other ex-brainwashed people stumble over, adlibbing about headaches)

SHADOW: Oh, Flouze. You uh… back to normal there?
FLOUZE: Normal? Of course I'm normal! I'm mild-mannered Flouzemaker!
SHADOW: Ah, that's right. You guys don't remember anything from when you were brainwashed.
SIDGARCIA: Hey! Sorry to interrupt, but what about Zaenith and Edviin!? They weren't brainwashed and they still followed MadSainter.
ZAENITH: I only did it for the osu! It was for the osu!!!
EDVIIN: I JUST WANTED A QUIET PEACEFUL PLACE TO BAKE MY [CENSORED] COOKIES!!
SHADOW: Hmm… you know what Berg, I think you should take this one.

GIL: Do you need your blood pressure medicine first, Berg?
BERG: No, my lovely secretary. I think I've finally calmed down.

BERG

When you wake up every day and you see
a couple of scrubs in trouble with me
what else is there to do?
drop the charges so as to
forget it ever happened

SHADOW

I think we've learned a lesson today!
UHC is more than a game where you 'slay'
the community is wonderful
and like this whole musical,
forget it ever happened

CHORUS

Forget it ever happened!
Forget
it
ever
happened!

(Camera pans out to the sky as the dramatic music comes to a close. Suddenly, Shadow says as the camera zooms back to him.)

SHADOW: So who wants to clean up this mess with me?

(Screen shows shots of destroyed buildings. Players all scatter. Ending music plays again, camera pans to sky. "The End" appears and then the credits begin to roll.)

The End

Post-Credits Scene

(Shadow is still cleaning up the debris on the streets)

SHADOW: I don't get paid enough for this...
