Weekly Updates

for the week of Apr. 1st , 2016

Quarter 4 Week 2

A note from the teacher…

Dear Parents,

Happy April Fool's Day! Tomorrow is school and THAT is NO April Fools joke. School is from 9:15-12:45. No lunch so pack your child a hefty snack.

Student Led conferences will be held the week be the week before track out. There will be a link to the sign up's up on the blog. Remember, we hold 5 at a time so there will be multiple sign up spots for a day and time. The kids are very proud to show you how much they have learned so far this year. If no days or times work for you let me know and we can make other arrangements. This is a time for your child to really show off so I want to make sure they each get an opportunity to do so. They are proud of their hard work and efforts and should be.

Week's Curriculum

Reading:
- Inferring
- Fluency when reading
- Self-monitoring and Self-correcting

Letterland: Unit 24

Writing:
- Writing for different purposes

Math:
- 10 more and 10 less
- Adding decade numbers
- Word problems with decade numbers

Science:
- How do people change the environment?
- What is conserving and why do we need to do it?

~ Mrs. Chern

Upcoming Events…

4/2 Snow Make-Up Day
4/ 5 PTA meeting 9:15
4/8 Super Kids Day!
4/16-4/22 National Office Appreciation Week
4/19 Track Out

This week the children will read a passage and answer questions each day. Please keep them in the habit of rereading the passage each day just like we did with our prior passages to help build fluency. This week you will practice solving comparing word problems. The different types of problems are called: Difference Unknown, Bigger Unknown and Smaller Unknown. See if you child can identify what type of problem they are solving so they know what operation to choose.
